JAIL MAN ON MORALS COUNT

Tolbert R. Guise, R. 3, signed a plea of guilty to a morals charge this morning in a hearing before Justice of the Peace Robert P. Snyder, and was committed to the county jail. He admitted having committed a "serious offense," and having contributed to the delinquency of a minor who was a ward of the court.

Guise was arrested Tuesday by West Virginia State Police in Martinsburg, W. Va., on a fugitive warrant. Sheriff Dorsey J. Schultz drove to Martinsburg Wednesday and returned Guise to Gettysburg, where he was lodged in the county jail.

Guise is also wanted on a larceny charge here. It is alleged that on October 16 he and Edward Pittenturf stole a suitcase from Manuel Arrayo, of Puerto Rico, in the Greyhound bus terminal. The suitcase was later recovered, but a portable radio and some cigarettes were missing.

Pittenturf was arrested Tuesday night and signed a plea of guilty to the larceny charge. He was committed to jail in default of $500 bail to await action of the November term of court. Guise has not yet been given a hearing on the larceny charge.

ASSISTANCE IN COUNTY HIGHER THAN LAST YEAR

In a brief session Wednesday evening, the Adams County Board of Public Assistance received a case load analysis that showed the total assistance load here now is higher than a year ago but lower than last month.

At the same meeting, the board received a reply from Mrs. Eleanor G. Evans, state secretary of public assistance, to their protect of a month ago objecting to cuts in state relief grants as a result of increases in federal sums.

In her letter, Mrs. Evans expressed agreement with the feelings of the Adams County board on the matter but said she felt it is "impossible to carry out your suggestions immediately." The Adams County board objected to the drop in state payments October 4 which they said "defeated the purpose" of the action by Congress raising the federal grants.

Millions Involved

Mrs. Evans pointed out that if the Adams County plan were followed through it would require an increase of "several million dollars" in state funds and "since the state assistance rolls have gone up more than 25 per cent in the last year, the department might face the need for a deficiency appropriation."

No further action in the matter was taken by the county board Wednesday evening. Chairman A. W. Geigley presided at the meeting.

With the principal increase coming in the general assistance payments, the figures for this month and for last October show 542 assist-

SOME PRANKS HAVE BROUGHT POLICE ACTION

State Police today reported that a number of Halloween pranksters are going to find themselves facing either the court or justices of the peace.

A number of juveniles who have gone too far in their high jinks are already scheduled for an appearance in juvenile court, police said, and charges are to be placed before justices against several adults who took advantage of the Halloween period to go too far with their merrymaking.

To break up destruction to property, police are immediately investigating all complaints received and so far their batting average, they report, has been high in rounding up the culprits.

Fun Is Fun—But—

Fun is fun, police said, and while children and adults can have a lot of pleasure from costuming and parties at Halloween, this year far too many persons have gone too far in their Halloween pranks.

Several complaints involved the removal of vehicles which were later abandoned some distance from where they were parked and in several instances the vehicles were wrecked.

Other depredations have included nearly all types of destructiveness, some property has been burned, some broken, some removed to other places.

State police, determined to break up permanently the practice of such pranks, are going the limit in investigating and in prosecuting those whose Halloween activities are going beyond the realm of fun and into destructiveness.

CHEST DRIVE $7,998 SHORT OF $17,000 QUOTA

With two days to go, the Community Chest drive has passed the halfway mark. According to figures released this morning by Fund Chairman John A. MacPhail, $9,022 has been donated. This is 53 per cent of the $17,000 quota. Other donations, including several from service clubs, have been pledged but not collected.

Despite the fact that time is running short, Atty. MacPhail said he still expects to reach the goal. "It's all up to our residential solicitors," he said, "Only about half of them have reported, and from what we hear, only about half of the residential area has been canvassed. Most of the big gifts are in, although the College and a few others have yet to report. But the outcome of the drive lies in the hands of the individual door-to-door solicitor."

Committee Reports

MacPhail released a breakdown on the reports received from his special committees, through their chairmen:

Residential solicitors, Mrs. Henry T Bream, $2,609.91, or 47.27 per cent of their $5,500 quota.

Special Gifts, Atty. Daniel E. Teeter, $1,250, or 60 per cent of goal.

Local Business, David Blocher, $1,578, or 105 per cent of goal, the only committee to have exceeded its quota so far.

Local Industry, Donald White, $611, or 60 per cent or goal.

Out-Of-Town Business, Robert Albright, $630, or 62 per cent of goal.

Dentists: no report.

Physicians, Dr. C. Harold Johnson, $127.50, or 41 per cent of goal.

Attorneys, Eugene Hartman, $860, or 86 per cent of goal.

Women's Organizations, Mrs. Henry M. Scharf, $205, or 40 per cent of goal.

Service Clubs, Kenneth G. Reinhart, $1,010, or 27 per cent of goal.

Rural Residences, John Y. Crow, $141, or 47 per cent of goal.

Gettysburg College: no report.

The drive, which began Oct. 19, is scheduled to end Saturday. The money will be divided among six local organizations: Boy Scouts, Girl Scouts, YWCA, County Library, Recreation Association and Civic Nurses Association.

MacPhail said: "There isn't one of our organizations that doesn't do its part to make Gettysburg a better place in which to live."

List Winners Of Window Contest

A Halloween display in the window of the Bix-Sway cleaners on Chambersburg St. won the $25 first prize for the best decorated store window in town, Paul Anzengruber, chairman of the committee in charge of the contest, held as part of the town's Halloween activities, reported this morning.

Ten merchants entered the event, placing Halloween themes in their windows for the competition. The general public voted upon its favorite window and the ballots were counted this morning.

The window at the Mary Ramer Eberhart insurance agency on Baltimore St. placed by Troop 7 of the Girl Scouts, won the second prize of $15 and the third award went to the Gift and Goody Shop, Carlisle St., a $10 prize.

Extremely close in the voting was the window in the Gettysburg News Agency, the committee reported.

Civic Nurse Group To Elect Friday

The annual meeting of the Gettysburg Civic Nursing Association will be held Friday afternoon at 4 o'clock at the YWCA building. Mrs. Ralph R. Gresh, the president, will preside. Any contributor to the Community Chest is a member of the Civic Nursing Association and has a right to attend Friday's meeting, officers said today.

The nominating committee, including Mrs. G. E. Buehler, Miss Rosea Armor and Mrs. W. C. Waltemyer, will present a report at the meeting. Board positions will be filled and then at a subsequent meeting of the board the officers will be chosen.

Three Philadelphia Firemen Killed In Blast; 24 Hurt

PHILADELPHIA (AP) — Three ranking fire department officers were killed and 24 other firemen and policemen injured today in an explosion confined entirely to the rear yard of a north Philadelphia chemical manufacturing plant.

The violent blast, without any fire, occurred minutes after a telephoned warning summond the fire company to investigate the source of escaping fumes, though to be ammonia.

A 15-foot-high steel tank mounted on a wooden platform in one corner of the yard exploded as firemen searched for the source of the fumes.

So powerful was the explosion that it slammed the firemen, and several policemen who stood nearby, against two 25-foot-high brick walls enclosing the yard.

Rescuers found the dead and injured lying grotesquely on the ground. The steel tank was torn in pieces. Several windows in nearby buildings were shattered.

Killed were Deputy Fire Chief Thomas Kline, and Battalion Chiefs John J. News and John P. Magrann.

The firemen, led by News, were called to the two-story Charles W. Berg laboratories plant building at 5:55 a.m. Outwardly, there appeared to be no signs of trouble. The blast came 10 minutes later.

Largest Halloween Parade In History Of Gettysburg Is Held Wednesday Evening; Local Bands Did Not Compete For Prizes

The "King" and "Queen" of the local Halloween parade are shown as they were named just before the parade Wednesday night. The "king" is 13-year-old Fred Renner Jr., son of Mr. and Mrs. Fred Renner, Fairfield R. 1, and the "Queen" is Nancy Baker, 14-year-old daughter of Mr. and Mrs. Donald Baker, S. Washington St.

The largest Halloween parade in Gettysburg's history wound over a two-mile-long course Wednesday night under weather conditions that were cool—but otherwise perfect. The line of march was well filled with spectators.

Despite the extended parade route, the head of the parade had to be halted to allow the last two divisions to pass in Lincoln Square thus holding up portions of the 40-minute-long procession for about 15 minutes.

The Waynesboro Veterans of Foreign Wars Drum and Bugle Corps, a veteran participant in Gettysburg parades, appearing Wednesday night in new uniforms, and with a larger number of members than ever before, won the $75 first prize for drum and bugle corps. The second prize of $50 went to the Hanover American Legion and the third award, $25, to the Taneytown VFW.

Delone Wins Band Prize

Delone Catholic High School, one of the largest contingents in the parade, with its cheer leaders and drum majorettes, and with bright uniforms, took the $75 first prize for bands. Biglreville High School won the second prize of $50. Gettysburg College and York Springs High School won third and fourth place, respectively, each receiving $25. The two Gettysburg high school bands and the Blue and Gray Band did not compete for prizes.

The prizes were not presented Wednesday night, because of the confusion that resulted in prior years from that practice. Instead the money will be mailed to the winners within ten days.

ROTC Team Wins

The Air Force ROTC Drill team won the first prize of $40 for such organizations, staging an intricate drill before the judges stand. Second prize of $25 went to the Army ROTC which presented the manual of arms as part of its drill. The Dillsburg VFW was awarded the third prize of $10 and the Emmitsburg American Legion and the Dorsey-Stanton Post of the American Legion, each of which also presented drills, each won $5 prizes.

Fred W. Renner Jr., Fairfield R 1, was elected "King" of the parade and Nancy Baker, S. Washington St., was chosen "Queen." Both will receive bicycles and free portraits at the Lane Studio as their awards for being the victors in the King and Queen contest. The "Prince" was Richard Boyer, Fourth St. who won a football, and the "Princess" was Patsy Wilkinson, York St., who was awarded a pair of skates.

The King and Queen and their "royal party," comprising all those who took part in their contest, headed the parade in cars.

Gettysburg's Junior Chamber of Commerce won the $50 first place award in the floats event, with a display that featured a huge automaton depicting a witch stirring a kettle.

The Women of the Moose won the second prize, $25. Third place, $20, went to the New Oxford Explorer Post No. 85; third place, $15, was won by the Exchange club and the Gettysburg Junior High School council won the $10 fifth prize.

Three prizes were awarded for decorated horse drawn vehicles. Richard Shealer and Stephen Jacobs won the $40 first prize, Nan-$25 second award and Debbie and Sherry Swope the third prize of $20.

The old favorite nursery rhymes were depicted by the Beta Sigma Phi sorority in their "largest costumes marching unit," and they won the $40 first prize. Den Three

Here And There

News Collected At Random

Saturday ushers in Pennsylvania's so-called small game season of 1954. On that date no wild bird or animal may be hunted or shot legally before 9 a.m. On other days of the season, Sundays excepted, daily shooting hours for resident small game are 7 a.m. to 5 p.m.

Hunters are urged to read the information on the hunting license and that contained in the Digest of Hunting and Trapping Regulations obtained with the license. The Game Commission prefers that infractions be avoided through study of the law and season regulations.

• • •

If a person happens, by mistake, to kill a bird or animal not in season he should deliver the carcass and report his act to the nearest game protector within 24 hours. By so doing he will pay only one-quarter the usual penalty. Hunting licenses are not revoked when this is done.

• • •

The attention of Pennsylvania's army of hunters is called to the necessity of checking their guns and making sure their bright hunting apparel will flash to other shooters the signal: "This is a human."

• • •

Many will be the cautions against acts that cause most hunter casualties. If there were but three all-covering admonitions to offer hunters before season they would be: 1. Treat every gun as if it were loaded. 2. Keep any firearm pointed away from yourself and others, never toward anything you do not intend to kill. 3. Control that impulse to shoot quickly; make sure your eyes are not playing tricks on you, that you are looking at legal game before you fire.

• • •

Only a few precautions, training, good sense and self-control are necessary to make hunting the sport and tonic for everyone it is to the vast majority of game seekers.

• • •

A 31-year-old Brookville man with 18 years of hunting experience injured himself with an arrow while hunting deer in a forested part of his home county of Jefferson. It was the first day of the 1954 special bowmen's season for deer.

In the man's own words: "I was climbing over a brush pile when I tripped and the arrow that I was carrying in my bow was driven into the calf of my leg."

Judge Sheely Tries Case In Franklin

E. HEMINGWAY AWARDED NOBLE PRIZE FOR 1954

STOCKHOLM, Sweden (AP) — American novelist Ernest Hemingway today won the 1954 Nobel Prize for Literature.

The 56-year-old writer, whose hard-boiled style and violence-packed tales set a pattern for 20th century prose the world around, will receive a gold medal and a check for 181,646 Swedish crowns (about $35,000).

The literary prize and the annual awards in medicine, chemistry and physics will be presented by Sweden's King Gustaf Adolf VI at a traditional ceremony here Dec. 10.

Winner of the physics and chemistry prizes still are to be named. Announcement already has been made that the Nobel Peace Prize will be withheld this year.

Sixth Yank To Win

Hemingway is the sixth American-born author to win the literary prize. The awards were set up by the will of Alfred Nobel, Swedish inventor of dynamite, who died in 1896.

Hemingway, whose adventurous life matches the exploits of many of his heroes, was picked for the honor by the Swedish Royal Academy of Literature

He almost won the prize last year but was nosed out by perhaps the greatest phrasemaker of his time—Sir Winston Churchill, who writes, orates, paints and runs the British government.

A source close to the academy said its members decided that since Hemingway was slated to receive the award eventually "we might as well give it to him now, before he kills himself" in some exploit.

Academy Criticized

Earlier this year, when it was feared that Hemingway had been killed in a plane crash in Africa, many newspapers criticized the academy for not giving him the prize.

The author of such classics as "A Farewell to Arms," "For Whom the Bell Tolls," "The Snows of Kilimanjaro" and "The Old Man and the Sea" was chosen over a strong slate of candidates. Among the other contenders were Iceland's Haldor Laxness, Greece's Niko Kazantzakis and France's Albert Camus.

Hemingway was the fourth American to win one of the Nobel awards this year. The 1954 prize for medicine and physiology was given Oct. 21 to three U.S. scientists for discovering new weapons in the fight against polio. They are Dr. John F. Enders, of the Harvard Medical School; Dr. Thomas H. Weller, of the Harvard School of Public Health; and their former associate, Dr. Frederick J. Robbins, now at Western Reserve Medical School in Cleveland.

TEARFUL JUROR IS DISMISSED IN MURDER CASE

By WILLIAM NEWKIRK

CLEVELAND (AP)—The state—in a surprise move — dismissed from the jury box today a woman who had wept and begged to be excused from trying Dr. Samuel H. Sheppard for the murder of his wife.

Reversing an announcement yesterday it was "satisfied" with the Sheppard jury list, the prosecution pointed a challenging finger at Mrs. Genevieve A. Pelsey, a cookie packer.

A jury of seven men and five women — the first time the males predominated — had been seated by the time the court recessed for lunch.

May Not Be Ready Today

The latest replacements were real estate salesman James Roger Manning and Frank J. Kollarits, a chemical company receiving clerk.

The state's maneuver — it still has two challenges left — slowed the proceedings to the point where it put a question mark on whether a final jury can be sworn in by nightfall.

The handsome osteopath is charged with bludgeoning his pretty, pregnant wife, Marilyn, in her bed July 4.

Testimony from a medical doctor now living in Phoenix, Ariz. may play a big role in Sheppard's defense.

MACING TRIAL GOES TO SPRING

PITTSBURGH (AP) — Trials of 15 Republicans, accused of forcing or conspiring to force state employes to contribute to a political campaign fund last spring, may be delayed until next year as the result of a legal maneuver.

The trials scheduled for next month and December, may be held up as the result of a motion filed yesterday by Atty. Charles J. Margiotti, representing the men.

Among the 15 are Artemas C. Leslie, state insurance commissioner, and Frederick P. Hare, administrative assistant to Gov. John S. Fine.

Margiotti asked Allegheny County Criminal Court to quash the indictments. Because of a crowded court calendar, arguments on the attorney's motion cannot be heard before Nov. 29. Three judges, sitting en banc, will rule.

A spokesman for the district attorney's office said all of the cases now will be rescheduled for trial.

The trials can't be held until after the week of Dec. 13 since the district attorney's office has listed cases through that date. If the indictments are not dismissed, Christmas vacations may move the trials into next year.

Today's Talk

A TRIBUTE TO EARTH

You feed me, earth. You give me air for these lungs of mine. I am intoxicated by the beauty of your changing garments. Their perfume thrills me! The green carpet that I tread as I wander about your realm, rests my feet.

I walk about among mysteries that amae and stimulate my mind. I wonder about the buried secrets that lie so hidden beneath your breast. And the laws that rule your realm seem so simple, so understandable. I am drawn to every creature that roams about the hills, the valleys, and the forests that decorate your surface.

I marvel at the tiniest flower. Its silent challenge, perfect in its beauty, goes unanswered. Why is it "born to blush unseen" so often? And why, in wilting, does it give its last full measure of life in intensified perfume?

In the midst of human strife and selfish aims, why does the mocking bird sing on? In the very whisper of the wind there is a message of peace and goodwill. Time regrets nothing. Eternity is ageless. The dewdrop echoes heaven! There is a substance of faith in the flight of every bird. The knowledge that I am unable to grasp from sight and hearing I gain from books that once were trees.

The little machine that obeys the touch of these fingers of mine, as I write, came from the storehouse that belongs to you—earth. The house, in which I live, the bed upon which I sleep, the rugs upon my floors, the building in which I work, the car that takes me here and there, the instruments that bring music to my ears—nothing of which I can think, can be traced elsewhere than to—the good earth.

"For me," said Michael Fairless, "the clue to the next world lies in the wisdom of earth rather than in the learning of men." To the end she is our Mother—and to her heart she draws us for our final sleep. Glorious Earth!

Tomorrow Mr. Adams will talk on the subject: "Courageous—But Lonely"

Protected, 1954, George Matthew Adams Service

FAITH

If without faith you stay
Through joy or sorrow,
What right have you to say:
"See you tomorrow?"

What if the morning new
Is drawing near then
What makes you think that you
Will still be here then?

Faith in yourself alone
Leaves much to borrow.
Trust God; this makes it known:
"See you tomorrow."

Negotiations, under a wage reopening clause in the current contract, are expected to begin shortly. The contract expires Dec. 31, 1955.

The employers will be represented by the Motor Transport Labor Relations, Inc. Raymond Cohen, secretary-treasurer of Local 107, will head the union negotiators.

Series Of Personal Affronts For U.S. Diplomats In Moscow

By JOHN M. HIGHTOWER

WASHINGTON (AP)—U. S. diplomats in Moscow are reported to have been subjected to a series of "personal indignities" by Soviet police prior to the latest incident involving two American Embassy wives.

This is understood to be the reason U.S. Ambassador Charles E. Bohlen has moved to seek the personal intervention of Foreign Minister Molotov. Essentially, Bohlen is concerned to obtain greater respect for the rights of his embassy staff and greater regard for their safety.

State Department officials declined to discuss previous incidents involving diplomatic immunity but it was learned that there has been a series of these minor clashes.

Blame Picture Taking

Most, if not all, were said to stem from picture taking by Americans. Cameras have been seized, film confiscated and in some instances diplomats have been detained even though they were photographing subjects permissible under Russian regulations.

The most recent incident came Monday morning when Mrs. Karl E. Sommerlatte, wife of the second secretary in the embassy, and Mrs. Houston Stiff, wife of the assistant naval attache, carried a camera on a walk near the U.S. Embassy in Moscow.

Washington and Moscow accounts differ as to what happened.

The Washington version: The two women asked permission to photograph some Russian women. When this permission was refused, a man suggested that they should go to a nearby workers club where there was photograpic material they would be interested in. At the club two Soviet secret police agents forcibly prevented them from leaving although both presented diplomatic identification. Mrs. Sommerlatte and Mrs. Stiff put up a fight to get away. After about an hour they were rescued by Sommerlatte.

Soviet Version

The Soviet version: The two women had sought to take a picture of some Russian children against a background where repairs were under way and there was considerable rubble. The father of one of the children protested having his daughter's picture taken against such a background. He and a worker invited the women to a factory club nearby, and the worker tried to tell Mrs. Sommerlatte of her "improper act," at which point she hit him in the face and "brutally pushed away" a woman nearby. Moscow also said that when Sommerlatte arrived he "allowed himself a number of tactless remarks about the Soviet Union."

Bohlen and the Soviet foreign minister exchanged protests over the affair and the Foreign Ministry declared Mrs. Sommerlatte persona non grata—that is, personally unacceptable.

Persons familiar with conditions in Moscow say the number of recent incidents appears in part to stem from a superficial liberalizing of Russian regulations about what foreigners may do there.

The Malenkov government's relaxation of many restrictions has encouraged Americans to travel about and make pictures in unrestricted areas. At the same time the Soviets have repeatedly warned their people, particularly Communist party members, to be on the alert for spies and people intent on stealing Soviet secrets. In the American view this appears to have stirred up considerable misplaced zeal on the part of minor police authorities and many ordinary citizens.

GOP CONFIDENT OF CONTROLLING 1955 ASSEMBLY

By JOHN KOENIG JR.

HARRISBURG (AP) — Republican leaders stood pat today on their prediction they will retain control of the General Assembly in 1955 despite renewed Democratic statements that their candidates will make new inroads in GOP territory.

Speaker Charles C. Smith (R—Philadelphia) said reapportionment alone should assure a larger Republican margin than the 110-98 edge his party held in the House in 1953.

"We've been improving steadily in the last two weeks," Smith told a newsman.

Rep. H. G. Andrews (Cambria), veteran Democratic floor leader in the House, however, said that offsetting the loss of some Democrats through redistricting should be victories in some counties "where we haven't held any seats in years."

"We should have control of the House whether we elect a Democratic governor or not," Andrews asserted.

25 Senate Seats

In the Senate, where 25 seats will be filled—the other 25 senators holding their places another two years—Sen. M. Harvey Taylor, president pro tempore, held to his prediction of certain control of the upper chamber by the Republicans.

Sen. John H. Dent, Democrat floor leader, said on the other hand he is "confident" of picking up at least five seats in the Senate. That still would leave the Democrats behind by a 27-23 margin.

Dent said two other races should "be very close," leaving hope for a Democratic sweep which would give them control of the upper chamber. In addition, Sen. John Carl Miller, a Beaver County Republican, jumped his party recently to support Democratic candidate George M. Leader for governor.

Miller's vote, and a Democratic lieutenant governor, presiding over the Senate could give the Democrats control.

Fill 210 House Seats

Under the 1953 reapportionment act, there are now 210 House seats to be filled. That's two more than previously.

Democrats last held a majority in the House in 1941. They controlled the Senate last in 1937 under Gov. George H. Earle when they had majorities in both chambers.

Republicans need win only 10 of the 25 contested Senate seats in next Tuesday's election to retain control. They have 10 incumbents while Democrats have eight.

Six of the remaining seven contested seats are held now by the GOP. The seventh is the place Leader is relinquishing to run for governor.

Republicans have 80 incumbents in the House with Democrats right behind with 79. That means some 51 seats will be filled by newcomers.

Three Republican House members are seeking Senate seats. They are Reps. John T. Van Sant (Lehigh), Harold E. Flack, (Luzerne) and William Z. Scott (Carbon). All won primary fights in May.

Democrats Hard Hit

Democrats were hard bit by reapportionment in Philadelphia, where seven of their members were eliminated in primary races against their fellow party members. Redistricting similarly cut off one other Democrat and three Republicans around the state.

Next Tuesday Republican and Democratic incumbents will face each other in the Lackawanna County 2nd district and Northumberland 1st, with both contests due to reapportionment.

Democrat Michael J. Needham faces Republican J. Russell Phillips in Lackawanna. In Northumberland, it is John F. Stank, Democrat, versus Edward Dunn, Republican.

Sen. George B. Stevenson R-Clinton) is the only legislative incumbent with no opposition. Stevenson even won 782 democratic write-in votes in his district.

Expect More GOP Wins

Speaker Smith said both Philadelphia and Allegheny counties should return more GOP House members this time. In addition, Delaware and Montgomery counties, normally Republican, will have extra seats due to redistricting.

Andrews on the other hand said Democrats should retain their large delegations in the state's two largest counties and pick up new representatives in Blair, Juniata and Butler counties and possibly Bradford, Clarion, Elk, Franklin, and Adams.

A strong factor working behind the scenes, Democrats say is labor.

"Never have I seen labor so aroused," James Finnegan, Philadelphia City Council president and former Democratic chairman, told a newsman.

The "court" for the king and queen of the Halloween parade are shown with the "prince and princess" in the center. They are, left to right, Shirley Wisotzkey, daughter of Mr. and Mrs. Francis Wisotzkey, Gettysburg R. 1; "Princess" Patricia Wilkinson, daughter of Mrs. Carrie Hippensteel, 22 York St.; "Prince" Richard Boyer, son of Mr. and Mr. Paul Boyer, Fourth St., and Sandra Deatrick, daughter of Mr. and Mrs. Willis Wherley, Gettysburg R. 1.

DEDICATION AT FAIRFIELD SET FOR NOVEMBER 7

Dedication exercises and an "open house" will be held at the Fairfield Joint High School on Sunday, November 7. The dedication service will be held at 2 p.m. and the "open house" will be from 3 until 8 o'clock.

The Rev. Dr. Harry Musselman, a native of Fairfield and a retired pastor of a Lancaster Lutheran Church, will be the speaker.

Music will be furnished by the Fairfield High School Band under the direction of Charles Rogers, and by the Glee Club which will sing two numbers, "The Lord's Prayer" and "Bless This House," directed by Mrs. Ralph Barley. Refreshments will be served by the Home Economics Department of the high school. Special invitations have been issued to the parents of the students. The public is also invited and urged to attend.

The assembly program presented by the F.F.A. students of the Fairfield Joint High School Wednesday under the supervision of Paul Benchoff, teacher of agriculture, was in recognition of "Safe Hunting Week" in Pennsylvania. Leo Kint acted as narrator while the following sketches were given: "Mistaking People For Game" by John Mickley and Denton Strang; "Carrying Loaded Guns" by Dick Deardorff and Larry Nowell; "Safe Method of Crossing Fences" by Donald McDannell and Donald Sprankle; "Pointing a Gun at a Person" by Richard Bigham and Clyde Wenschoff; "Tripping Over A Rock" by Eugene Boswick and Elven Pryor; "Prop That Gun Right" by Eugene Boswick and James Gladhill; "Using Your Gun for a Cane" by Jack Orner and Lawrence Eversole; "Keeping a Loaded Gun in the House" by Francis Cool and Gary Moritz; "Wounds Caused by Carelessness" by Fred Fair and Paul Hobbs. The program concluded with a history of the Mason-Dixon Chapter of the F. F. A. by Dick Bigham.

The Ella M. Glenn Bible Class of Zion Lutheran Church will hold a baked goods and soup sale on Saturday, November 6, at 10:30 a.m., in the church parish house.

The Senior Class of the Fairfield Joint High School will hold a baked goods sale on Friday, November 12, at 3:30 o'clock in the IOOF Hall.

The 295-foot, 2,700-ton Germa had signaled for help, saying its bridge had been swept away by smashing waves.

Some Unknown Winners

Names of a number of winning individual contestants were not available Wednesday night. The numbers of the winners were called as the groups passed the judges' stand in Lincoln Square, but apparently 11 of the sinners did not hear their numbers called and did not report to the stand. Those winners who are listed only by number are asked to report to Harold Wentz at the R. W. Wentz and Sr. between 8 a.m. and 5 p.m. during the next several days, or write Mr. Wentz, listing their parade number, name and address, in order to obtain their prize.

For individuals with decorated small vehicles, bicycles, wagons, baby carriages, etc.: First prize of $5 each went to Darlene Plank, Gettysburg R. 5; Charles Cullison, 37 Breckenridge St., and to numbers 784, 921 and 750.

Second prizes of $2 each went to Gertrude Paris, Patricia Strausbaugh and Ed Paris Jr., as a unit; Gertrude Hoffman, Arendtsville; Rodney Rudisill, Gettysburg R. 3; Robert Kimple, Orrtanna R. 1, and Donald Plank, Gettysburg R. 5, and to numbers 730, 872 and 767.

Wins Costume Awards

The $10 first prizes for costumed individual marchers went to Alminda Baltozer and Miriam Plank, Gettysburg R. 4, and to Connie Lee Stallsmith, Biglerville.

Second prizes of $5 each went to Randy Stallsmith, Biglerville; Trudy Timmins, Buford Ave.; Judith Ann Taylor, Fourth St.; Suzanne Hall, Gettysburg R. 4; Evelyn Jordan, Gettysburg R. 4, and No. 978.

Third awards, $2 each, went to Mary Shaner, 205 S. Washington St.; Mr. and Mrs. Homer Barnes, Gettysburg R. 4; Vicki Newman, Gettysburg R. 1, and Ellen Rice; Wayne Sites, Gettysburg R. 2; William Little, 63 W. High St.; David Cole, 51 E. Stevens St.; Shirley Wagaman, Seven Stars; William Eden, Steinwehr Ave.; Clarence Thompson and Marian Gastley, 148 W. High St.; William Rudisill, Orrtanna R. 1; James Rowe, 142 E. Water St., and numbers 925, 955, 664 and 887.

478 In Parade

A total of 478 marchers were in the procession, according to the numbered cards issued to individual participants, but in addition some individual participants apparently entered the parade without securing numbers.

Judges for the parade were: Capt. Harvard Nevinzel, Sgt. 1/C Charles A. Taylor and M-Sgt. Leo Creech of Dickinson College ROTC, Mr. and Mrs. David Blocher, Mr. and Mrs. John S. Rice, Mr. and Mrs. Robert Fryling, Mr. and Mrs. Thomas Brenner and Mr. and Mrs. Elmer Shriver.

At a special drawing held in connection with the parade first prize went to Jean Epley, Gettysburg R. 3; second to Ray Shaub, York, and third to Ambrose Harper, Biglerville.

GHS, Hershey Seek First Triumph In SP Circuit; Delone Aiming For Title

A battle to escape the cellar position in the South Penn Football League will be staged between the Gettysburg High Warriors and Hershey Trojans at Hershey, Friday evening.

Each team has lost three straight league tussles and has yet to win. In league competition Hershey lost to Mechanicsburg 20-7; Chambersburg 14-7, and Carlisle 20-0. The Warriors' setbacks were at the hands of Carlisle 28-6; Hanover 33-0, and Chambersburg 13-0.

During the overall campaign Gettysburg has won two while losing five Hershey, co-champions with Chambersburg last season, has only a 20-6 win over Palmyra to offset five setbacks.

From last year's title squad Coach Ed Fornwalt has four lettermen, Frank Wolfersberger and Lloyd Morgan, tackles; Sheldon Hoover, end, and Ray Krieder, a brilliant running back.

Friday's game will mark the 19th football contest between the schools. Hershey holds a 9-7 margin in the series which began in 1936. Two games resulted in ties. Last year Hershey gained a 15-0 victory here.

Injuries Hit GHS

Coach Howard Shoemaker may be forced to revise his lineup this week due to a pair of his lads still nursing injuries from last week's contest. Bob Bondurant and Fred Naugle, both tackles, have missed all drills this week and may not participate against the Trojans.

Ted Crouse is listed to replace Bondurant on the defense with Dick Heflin taking over on the offense. Dave Weaver may play both ways in replacing Naugle. Ronnie Williams, who hit his top form last week, is also nursing a leg injury and may be replaced by Dick Stough.

The top league game Friday night is scheduled for Carlisle where the Hanover High Nighthawks will play. Carlisle has a 2-0 record in league play and is undefeated in the season with six wins. Hanover, 2-1 in the circuit, has lost only to undefeated Mechanicsburg for a 6-1 log. The loser of the game at Carlisle will be just about eliminated in the conference title race.

In non-conference games Mechanicsburg invades Shippensburg and Chambersburg plays at Waynesboro.

Squires At Home

Delone Catholic can clinch the 1954 championship of the four-school Central Pennsylvania Catholic League when it is host to Harrisburg Catholic at McSherrystown Friday evening at 8 o'clock.

Both victories gained this season by Coach Eugene Bonelli's Squires were in league play. Harrisburg has gained a victory in its only league contest.

The Squires will pin their hopes on the ball-toting of Capt. Buddy Redding, Don McKendrick and Dan Greenholt, and passing combination of Carroll Funk and Burnell Bevenour. Harrisburg Catholic will depend on its rugged line and Fran Sladinski and Frank Salinger, ace ball carriers.

The game will be the final home contest for Delone.

Also completing its' home schedule this week will be Biglerville who will be host to Red Lion Saturday evening at 8 o'clock.

Littlestown Idle

Littlestown's unbeaten Thunderbolts have an open date this week while awaiting the outcome of the Dallastown-West York Laurel Conference title Saturday. A Dallastown victory or tie would give Littlestown the undisputed 1954 title. West York can match the present Littlestown 3-0-1 record with a victory over Dallastown.

Boiling Springs, 6-1 for the season and winner of five straight, will be host to Susquehannock Saturday evening at 8:30.

FRESHMEN TRIUMPH

A goal by Tom Crane gave the Gettysburg College Freshmen a 1-0 victory over the Mercersburg Academy soccer team here Wednesday afternoon.

SCHEDULE GAME

Arrangements have been completed for a football game between Waynesboro High School and Scotland at Waynesboro November 5.

Boxer Archie Moore fought for 16 years before he won the light-heavyweight championship in his 128th fight.

Boxing Bout For Prince Charles Off

LONDON (AP)— Maybe Buckingham Palace figures Prince Charles needs a couple of warmup fights before they toss him in there with that fleaweight champion from America.

Anyway, a scheduled boxing bout at the palace today between the prince, who is almost 6, and Stephen Rutter, who already is, has been canceled.

"I had a call from the palace to tell me that Stephen would not be needed," said the Yank battler's father, Peter, who is second secretary at the U.S. Embassy. "I don't know why."

TEAM SPIRIT IS CALLED KEY TO STEELER SPREE

By JOE BRADIS

PITTSBURGH (AP) — What's happened to the Pittsburgh Steelers? They lost six of seven exhibitions. Now they're tied for the Eastern Division lead in the National Football League.

"It's team spirit," comments coach Walt Kiesling. "I've never coached or seen a team with more spirit. And it's all voluntary. Nothing forced."

Kiesling gave the Steelers a two-day holiday from practice after their 17-7 revenge over the Philadelphia Eagles last Saturday night.

"You'd think they'd take advantage of a well-earned rest," said Kiesling. "But what do they do? Why more than half of the team turns out for a spontaneous practice session. You can't beat that for team spirit."

Assistant At Helm

Kiesling, an assistant coach, took over the coaching duties from balding Joe Bach, who resigned after the Steelers lost three straight exhibitions.

The Steelers, rated no better than fourth in pre-season pools, have beaten Green Bay, Washington, lost to Philadelphia, then bounced back to whip Cleveland and Philadelphia.

This is Kiesling's second crack at the head coaching job with the Steelers. His 1942 team barely missed winning the Eastern title.

Kiesling could be writing his own Cinderella story. Call it team spirit, call it black magic—the Steelers seem to have a bit of both.

'GREATEST BACK' WILL SEE ACTION

STATE COLLEGE, Pa. (AP)—Lenny Moore, the spindle-legged son of a steel mill worker, might well take a giant step toward Pennsylvania State University football immortality on Franklin Field in Philadelphia Saturday. The Lions meet Penn in a nationally televised game.

To date, the 19-year-old Negro halfback has gained 574 yards on the ground in four games this season. He is the leading college ground gainer in the East and third in the nation.

The former Reading (Pa.) high school letter man has four games left in which to match or better the record of 804 yards gained on the ground in one season by a Penn State athlete.

Eugene "Shorty" Miller, Harrisburg junior high school principal, set the mark in 1913.

State's coach, Rip Engle, doesn't toss any qualifiers into the sentence when he describes Moore's prowess on the gridiron. He says simply';

"He's the greatest back I've ever coached."

Eagles Sign New Assistant Coach

PHILADELPHIA, Oct. 28 (AP) — The Philadelphia Eagles of the National Football league have announced the appointment of Charles J. (Chuck) Drulis, 36, as assistant coach.

Drulis, former Temple University and Chicago Bear lineman, joined the Eagles yesterday. The Girardville, Pa. native will assist head coach Jim Trimble with defensive line play and line backing.

Drulis was an assistant coach for Green Bay the last two seasons.

OKLAHOMA, UCLA AND OHIO STATE PICKED TO WIN

By HAROLD CLAASSEN

NEW YORK (AP)—If the geography experts ever remap the United States they will have to include a wide canyon, running from coast to coast and from border to border. It will be identified as Upset Gulch.

It will be partly filled with football forecasters and teams who can't keep up with the facts in this oh me, oh my season.

Last week this corner had 31 correct calls and 22 wrong for a .587 average, the lowest percentage ever registered during 11 years of picking supposed winners. The season's figures are 197 right, 85 wrong for .695.

Nobody Like Cassady

Here are this week's picks:

Ohio State over Northwestern: Northwestern has nobody, but nobody to compare with Howard (Hopalong) Cassady.

Oklahoma over Colorado: John Bayuk, Colorado's famed fullback, will find that Oklahoma line too tough.

UCLA over California: Too much Uclan power but Paul Larsen of the Bears may keep it from becoming a route.

Picks Army

Army over Virginia: The Cadets have come a long way since dropping that South Carolina opener.

Notre Dame over Navy: The first odds this week had Navy a 12-point favorite but off their games with Pittsburgh, the Irish are 35 points better than the Middies.

West VVirginia over Pittsburgh: The all-winning Mountaineers meet their second test of the season—and it could be tough.

Picks Bucknell To Lose

Penn State over Penn: Your television attraction, in which the deflated Penn Staters start with their comeback.

Skipping over the others without comment:

Boston University over Bucknell, Cornell of Columbia, Harvard over Ohio University, Brown over Lehigh, Colgate over Princeton, Rutgers over Temple, Holy Cross over Syracuse, Yale over Dartmouth, Purdue over Illinois, Michigan over Indiana, Michigan State over Minnesota, Iowa over Wisconsin, Duke over Georgia Tech, Auburn over Tulane, Kentucky over Villanova, Maryland over South Carolina, Arkansas over Texas A&M.

Bullettes Defeat Millersville 3-1

Gettysburg College's girls' field hockey team won its fourth game in six attempts by defeating Millersville, 3-1, Wednesday afternoon at Millersville. Louise Moyer, playing left inner for the Bullettes, scored all three goals in the second half, after Millersville had gotten off to a 1-0 lead early in the game.

Gettysburg won the jayvee game also, by a 2-0 score. In this fray, another left inner, Barbara Crouse, monopolized the scoring. It was the third win for the Bullettes, along with a tie.

The Bullettes see their next action in the All-College Tournament, which will be held Saturday at Albright. Four teams will compete in round-robin play, with the best players chosen for an all-star team, to compete in regional tourneys.

Gettysburg's next home game will be Nov. 2, against Penn Hall.

ADVERTISE IN THE TIMES

Hanover Junior High Will Play Here Tonight

Hanover Junior High, now in its fourth straight unbeaten football campaign, comes here to meet the Gettysburg Junior High gridders tonight at 7 o'clock.

Since 1950, the Falcons have won 21 games in 23 outings, two contests winding up in deadlocks.

The locals will have to be at their best to snap that streak. Recent improvement by Coach Ned Brownley's boys has greatly bolstered hopes for a Gettysburg triumph.

AL CLUB OWNERS ARE DIVIDED ON ATTITUDE ON A'S

By JOE REICHLER

NEW YORK (AP)—The American League became a house divided today as the club owners met for the second time in two weeks to decide the fate of their white elephant, the Philadelphia Athletics.

Ostensibly the meeting was called by League President Will Harridge to vote on acceptance or disapproval of the Athletics' sale to an eight-man Philadelphia syndicate.

It was learned, however, that Harridge probably first would call for a vote on whether to shift the beleaguered franchise to Kansas City.

Picture Changed

On Oct. 12 in Chicago, the league approved the sale to Arnold Johnson, Chicago financier, and voted to move the franchise to Kansas City, contingent upon Johnson completing his $3,375,000 deal with Roy Mack, executive vice president of the Athletics.

Since then, however, the house of Mack, Connie and his two sons, Roy and Earle, signed paper for the sale of their stock to a Philadelphia syndicate in a deal involving approximately four million dollars. Both the Macks and the Philadelphia group are awaiting league approval.

Six of the eight clubs must approve a new owner. Any three can block approval.

As the meeting got under way, it was known that at least two clubs favored the sale of the A's to the Philadelphia group and two wanted the Philadelphia franchise moved to Kansas City.

Reported Line-Up

Here is the way the clubs are believed to be lined up:

Those definitely for the sale to the Philadelphia group — Detroit and Washington.

Those probably for the sale to the Philadelphia group — Chicago and Boston.

Those definitely for the transfer to Kansas City—New York and Baltimore.

On the fence—Cleveland.

On the spot—Philadelphia.

Dan Topping, president of the Yankees and a leader in the fight to shift the A's to Kansas City, was expected to put up a stiff battle against the sale to the Philadelphia group.

HARPER WINS ON SPLIT DECISION

SAN FRANCISCO (AP)—"Maurice Harper is a good welterweight prospect, but champion Johnny Saxton will beat him because Harper doesn't have enough experience."

That's the way Del Flanagan, of St Paul, the world's No. 2 contender, sized up Harper after he dropped a 10-round split decision to the little known boxer in their nationally televised fight last night.

Harper, of Oakland, Calif., weighed 146½, Flanagan 150.

Flanagan decisioned Saxton, the newly crowned champion, before he won the crown.

Last night's fight was not thrilling. The two clinched, wrestled and butted many times. There were no knockdowns and neither boy was in trouble or suffered any damage.

ALL-STARS WIN

HERSHEY, Pa. (AP) — Hershey's Dunc Fisher's "hat trick" paced the American Hockey League All-Stars to a 7-3 victory over the Cleveland Barons, defending Calder Cup league champions last night.

It was the first All Star game ever played in the AHL. Murray Henderson, Hershey Bears coach, coached the All Stars.

MOUNTAINEERS LOSE

The inexperienced Mt. St. Mary's College soccer team dropped a 4-0 decision to Baltimore University at Tuesday Western Maryland will meet the Mountaineers at Emmitsburg.

BULLETS LOSE LEWANDOWSKI VIA FRACTURE

Gettysburg College's football team received a serious blow today when it was revealed that Dick Lewandowski, starting right end, fractured his right elbow during last Saturday's 34-0 win against Muhlenberg and will be lost to the team for Saturday's game at Lafayette and possibly longer.

Lewandowski, a 6-3 junior from Pittsburgh, was the leading pass-catcher on the team with eight catches good for 84 yards. The Gettysburg trainer reported that he could get back into action before the season is finished.

The Bullets will present the same backfield as last week in their 14th meeting with Lafayette in a series that started in 1894. Junior Bruce Pieper, 165-pounder from Corry, Pa., will start at left halfback and senior Jim Megee, Lansdowne, Pa., will go at right-half. Neither were scheduled to see first-string duties when the season opened, but Megee has jumped to the team's runner-up spot in rushing with a net gain of 150 yards in 27 carries, while Pieper, a surprise starter against Muhlenberg last Saturday, scored a pair of touchdowns and gained 95 from scrimmage on 10 carries for a 9.5 average. The quarterback position will of course be filled by junior Frank Gagliardi, while senior Bob Eppleman, the club's leading rusher, goes from his usual fullback spot.

Gettysburg has beaten Lafayette only twice while losing 11 times in the series. Lafayette won a 14-13 thriller when the teams last met in 1947.

High In Defense

Rushing has accounted for 650 yards of the Bullet's 939 total offense yards in four games played this season. At the same time, Coach John Yovicsin's outfit has moved among the Eastern leaders in team defense by limiting four opponents to a net gain of 599 yards, 333 yards rushing and 266 passing, for 149.8 per game.

Gagliardi, second team All-State and Honorable Mention Little All-American and All-East last season, is the team's individual total offense leader with a gain of 228 yards on 77 plays. He has completed 16 passes in 40 attempts for a gain of 214 yards and one touchdown, and has rushed for another 14 yards and a touchdown.

Eppleman is the team's leading rusher with a gain of 155 yards in 28 carries and one touchdown. Eppleman is followed closely by Megee, who has ripped off 150 yards in 27 tries and scored twice.

TRIO OF PITT PLAYERS FIRED BY HAMILTON

By GIB STALEY

PITTSBURGH (AP) — Capt. Tom Hamilton, who learned strict discipline in the Navy, grimly went about his coaching duties today after firing three players from his Pitt football squad.

Hamilton, doubling in brass as athletic director and coach, dismissed a first stringer, a second stringer and a reserve halfback last night. He said they failed to show up for practice for two consecutive days.

Cut loose in the action were first string guard Ed Stowe of Somerville, N.J.; second string guard Joe Los and halfback Gene Steratore, both of Washington County, Pa.

The three, all juniors, are roommates, but they couldn't be located for comment.

Denies Friction

Asked if there had been any friction on the Pitt squad, Hamilton replied with an emphatic "no."

Hamilton, who came to Pitt after several years in the Navy and a tour of duty as both athletic director and football coach at Annapolis, said he didn't know what effect his action will have on the squad. The team is preparing for a rough game Saturday at Morgantown, W. Va. with undefeated West Virginia University.

The dismissals marked the second such case for Hamilton, who took over as head coach for ailing Lowell (Red) Dawson after Dawson was hospitalized with a minor heart ailment. About two weeks ago Hamilton fired halfback Lou Cimarolli. The only reason given was that it was a "disciplinary" measure. A source close to Pitt indicated the friction had developed between Cimarolli and an assistant coach.

Since Hamilton has taken over as coach, Pitt has upset Navy 21-19 and beaten Northwestern 14-7.

Phils And Dodgers Dicker Over Trade

PHILADELPHIA (AP)—The Philadelphia Phillies are dickering for a trade with the Brooklyn Dodgers, but General Manager Roy Hamey said ace pitchers Curt Simmons and Robin Roberts are not on the block.

Hamey and newly named field manager Mayo Smith both admitted yesterday that the Phils are interested in Dodger second baseman Junior Gilliam. Hamey indicated that the only thing barring serious talks is the absence of Brooklyn head man Walter O'Malley, currently on a Caribbean cruise.

BIGLER JUNIOR HIGH WINS 6-0 OVER SPIDERS

Biglerville Junior High School's undefeated football team won its fourth successive victory at Hanover Wednesday evening by defeating the Hanover Spiders in a hard-fought game 6-0.

The only score of the game came in the first period when John Harman, Canner fullback, plunged over from the 1-yard line. Bobby Shaffer was stopped when he attempted to skirt end for the point.

For the remainder of the first half the teams battled mostly between the 30-yard stripes.

Threats Halted

The Spiders, coached by Fred Haehnlen Jr. of Gettysburg, threatened twice in the last half. In the third period the Spiders advanced to the Biglerville 6-yard line only to have an aerial intercepted by John Harmon who raced back to the 25.

A spider fumble was recovered by Biglerville on the Canner 4-yard stripe in the last period to halt another threat.

Next Thursday Biglerville concludes its season at Shippensburg. Seventh, Eighth and Ninth Graders will participate in that game.

The lineups:

Biglerville

Ends—F. Showers, May, Bricker.
Tackles—L. Harmon, Warren.

One High School Grid Title Game Listed Friday; Hershey Selected To Defeat Warriors

By DICK HOENIG

HARRISBURG (AP)—The first major league championship of 1954 will be decided tomorrow when the current scholastic football campaign hits the two-thirds mark.

Corry and Meadville, the teams that have dominated the upper northwest Section II Conference since it was organized, play at Corry to determine whether Corry reigns for the third straight year or whether Meadville regains the crown it held in 1951.

There are no games matching undefeated and untied major elevens or even between top leaders of the big conferences. Bidding for attention on the weekend slate, however, is a handful of those annual traditional battles between long time or neighboring opponents.

Among the latter are Allentown vs. Hazleton, Beaver Falls vs. Aliquippa and Sunbury vs. Milton. Allentown, Aliquippa, Altoona, and Sunbury are favored.

Favor Meadville

Corry (5-2) had won 20 straight until upset by Franklin early this month. But the Beavers were smothered 30-0 by Class B North East last week and don't seem to have enough to down a Meadville team still thinking of last year's 49-0 drubbing.

No matter which team wins (both are 2-1 in the league) the victory will provide enough points to take the 1954 title regardless of the remaining league games. A tie will delay the decision.

For the second straight week the game that shapes up as probably the best on the card is between two East Penn Northern Division and Lackawanna Conference contenders. This time it's Swoyersville (4-1-1) challenging Old Forge (6-0), a team scored upon only three times all year.

Old Forge Favored

Old Forge crushed Scranton Central's bid last week, 23-6, and is a good bet to do the same to the team that won the 1951 league crown.

Connemaugh Twp. (7-0), leader in the Western Conference, largest in the state, is a solid favorite to crush defending league champ Adams, loser in three of seven starts.

The WPIAL Class AA contenders, Clairton, Duquesne and Jeannette, take on Turtle Creek, Munhall and Wilkinsburg, respectively. None of the last three have a winning league mark.

Last week's predictions were 87.8 per cent correct—50 right and 7 wrong—for the best average in the last three years of AP selections. The record increased the 1954 season mark to 75.9 per cent right on 386 statewide choices.

East—Allentown over Hazleton, West Scranton over Bethlehem, Harrisburg John Harris over Easton, Scranton Tech over Jessup, Schuylkill Haven over Frackville, Mount Carmel over Ashland, Lansford over Cass Twp., Scranton Central over Carbondale, Blakely over Archbald, Mahanoy Twp. over Hazle Twp., Kulpmont over Shamokin, Mahanoy City over Coaldale, Minersville over St. Clair, Tamaqua over Shenandoah, West Hazleton over Nesquehoning, Coal Twp. over Blythe Twp., Dunmore over Taylor, Wilkes-Barre GAR over Plains, Larksville over Hanover Twp., Wilkes-Barre Meyers over Kingston, Luzerne over Plymouth, Nanticoke over Newport Twp., Abington over Ridley Twp., Lower Merion over Upper Darby, Haverford over Springfield, Chester over Cheltenham, Pottstown over Berwyn, Radnor over Downingtown, West Chester over Coatesville.

Other Selections

Central—York over Harrisburg William Penn, Lancaster over Reading, Williamsport over Lebanon, Steelton over Milton Hershey, Chambersburg over Waynesboro, Mechanicsburg over Shippensburg, Carlisle over Hanover, Hershey over Gettysburg, Pottsville over Berwick, Lock Haven over South Williamsport, State College over Tyrone, Danville over Northumberland.

West—Har-Brack over Vandergrift, Ambridge over Rochester, Uniontown over Connellsville, Butler over Mount Lebanon, Brownsville over German Twp., Sharon over Erie Strong Vincent, Penn over Brentwood, Titusville over Franklin, Warren over Erie Tech, Oil City over Hickory Twp., Greenville over Brookfield ((Ohio), Bellefonte over Clearfield, DuBois over Philipsburg, Indiana over Ebensburg, Bellwood Antis over Roaring Spring, Windber over Punxsutawney.

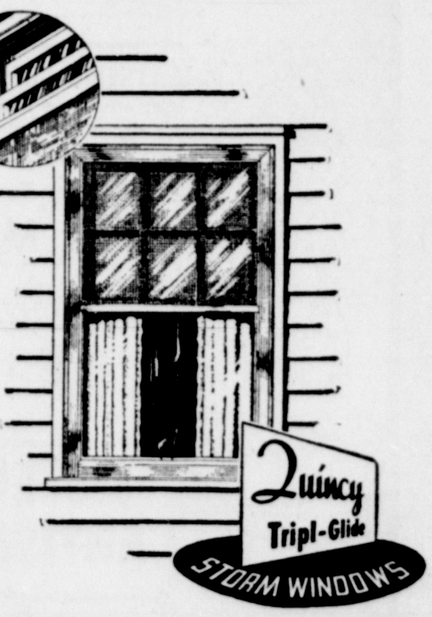

York County Woman Crushed To Death

YORK, Pa. (AP) — Mrs. Helen Brothers Liek, 31, of Mount Wolf R. 1, York County, was crushed to death here yesterday between her parked automobile and a dump truck.

Patrolman Ervin Baughman of York said a truck driven by Walter E. Harris, 23, of Newville, skidded on the wet roadway and pinned Mrs. Liek against her car.

The victim was entering the car when the accident occurred. She was dead on arrival at a York Hospital.

IKE PUZZLED BY APATHY OF VOTING PUBLIC

WASHINGTON (AP)—President Eisenhower said Wednesday he is puzzled by the apparent apathy among voters and hopes to do a little stirring up personally—if he can squeeze a one-day flying trip into his tight schedule.

In his first news conference since Aug. 17, Eisenhower said he certainly hopes the American people are going to elect a Republican Congress but that he was not going to predict the outcome of next Tuesday's balloting.

Alluding to reports of an apparent lack of interest among voters, Eisenhower said he would like to dramatize his desire to see everybody vote.

And, he said, he is considering a flying trip Friday which might include stops at airfields in four cities.

He didn't name the cities but there have been reports that GOP leaders want him to visit Detroit, Louisville, Minneapolis, Boston Wilmington, Del., and Waterloo, Iowa.

Eisenhower said his schedule is so tight that he could not possibly leave Washington except for one day of campaigning and would not know until later whether it would be possible for him to go even then.

When Eisenhower said he was puzzled by the apathy which seemed to prevail among the people a reporter asked whether this might reflect dissatisfaction among the voters with his administration's accomplishments.

The President replied that some people had told him the apathy might be due to an entirely different reason.

One of the reasons he had been given, he said, was that the United States had got what it wanted from his administration and the voters are satisfied. This indicated, he said, that it might not be discontent at all but too much satisfaction that was making the voters apathetic.

2 PERISH IN HOTEL BLAZE

COLORADO CITY, Tex. (AP)—Two bodies had been recovered and two other persons were believed dead Wednesday in a fire-ravaged hotel struck by lightning in a midnight thunderstorm.

Firemen recovered the body of A. R. Trice, a 70-year-old retired farmer, and an unidentified man shortly before 7 a.m.

Mrs. Eva Debout, owner and operator of the 54-room Colorado Hotel, formerly the Alamo, listed three men as still missing. They were:

Lonnie Mize, about 30, a water well drilling firm employe.

H. E. Ladd, about 70, a furniture store operator.

Al Cates, about 50, a cafe cook.

Mrs. Debout said 13 other guests were accounted for and uninjured. She listed W. W. Hudson, 60, as hospitalized for shock.

Stevenson Says Republicans Use Slurs, Slanders; Nixon Says Foe "Runs Out Of Gas"

By THE ASSOCIATED PRESS

Adlai Stevenson says Republican campaigners are using "communism, character assassination, slurs and slanders" in their drive for control of the next Congress.

And Vice President Nixon says, "The Democrats have run out of gas."

With these words, two of the "big name" party orators Tuesday night moved to make the campaign itself a subject for campaign debate.

The White House said Tuesday a two-day flying trip into key states is being considered. Advance talk indicated possible stops Friday at Louisville, Ky., and Waterloo, Iowa, and Saturday dates at Minneapolis, Boston and Wilmington, Del. Ohio also figured in one report.

"Red Herrings"

Stevenson, in a Brooklyn, N.Y., radio talk, accused Nixon of "peddling Red herrings, perversion and subversion as the witches' brew of Republican victory."

At Portland, Ore., Nixon told a GOP rally, "Our campaign is on the upgrade and steadily climbing since two weeks ago."

In an earlier talk at Rochester, N.Y., Stevenson hit at the GOP record on economic issues.

"The record of the 'Old Guard' is an unending effort to turn back the clock, to block labor's right to organize and bargain collectively," he said.

"They oppose the whole conception of dignity and security for many in our economic life with the weary old cry of socialism. . ."

Keep U.S. Prosperous

A contrasting view was voiced last night by Secretary of Labor James P. Mitchell in a television-radio talk to the nation.

"We Republicans are committed and determined," Mitchell said, "to keep the people of the United States prosperous and take any government action to expand employment and have an even higher standard of living for all the people of the United States."

Mitchell said also that "employment is increasing."

Another Mitchell — Democratic National Chairman Stephen A. Mitchell — attacked Monday's televised Cabinet meeting as "a charade for political purposes."

In New York, he asked equal free time for the Democrats — a request granted by NBC and rejected by CBS and ABC.

No Time For Replies

NBC announced the TV broadcast would be at 8:30 p. m. Saturday, and the radio time at 10:30.

CBS said its policy was "not to provide time to reply to the President . . . or members of his Cabinet, appearing and speaking as such . . ." ABC cited a similar policy.

The Cabinet session, and other recent public appearances by Eisenhower, were credited today by political observers in Washington with stimulating interest in the campaign.

But there was disagreement whether Eisenhower's late burst of campaigning will have a significant effect on the elections results.

Sen. A. Willis Robertson (D-Va) said in an interview he believes Eisenhower has aided Republican candidates, but not enough to change the results materially.

"Impressing People"

Sen. George D. Aiken (R-Vt) said Eisenhower is "impressing the people favorably — his campaigning can't but help the Republican party as well as the country."

John Roosevelt, youngest son of the late President and a former Democrat, said yesterday in Washington that the GOP is "finally getting over to the people that they've got to get out and voe in order o support the President."

Roosevelt is vice chairman of the Citizens for Eisenhower Congressional Committee.

In a Huntington, W.Va., talk, Postmaster General Arthur E. Summerfield said on Tuesday the alternative to a GOP victory would be "the disaster of being thwarted by left-wingers who have captured the Democratic party."

TO REPLACE LLOYD

LONDON (AP) — Anthony Nutting, minister of state for foreign affairs, will replace Selwyn Lloyd as head of the British delegation to the United Nations, the Foreign Office announced Wednesday.

Nutting, 34, recently became minister of state after Lloyd was appointed minister of supply in a Cabinet reshuffle. No date has yet been set for Nutting's departure for New York.

CHECK RIVER ON SUPPORT OF PLANT, FISH

PHILADELPHIA (AP)—A boatload of scientists will begin an inspection of the Schuykill River tomorrow to see if the stream, recently day to see if the stream, recently acids and silt, can support plant and fish life.

The scientists will attempt to find how long it will take the river to regenerate to a point where natural plant and fish life will thrive and how the process of regeneration can be speeded up.

Dr. Ruth Patrick, head of the department of water science at the Academy of Natural Sciences of Philadelphia, will direct the operation. She describes the Schuylkill as "a farmland that has been used over and over until it's worn out. Now it needs to life fallow for a while to recuperate and regenerate those things that will help food or fish to grow."

Work Under Grant

The scientists are undertaking the project, described as the first of its kind in the hemisphere, through a grant from the Manufacturing Chemists' Assn. of Washington.

Dr. Patrick said the survey will deal specifically with the potentialities of the river to grow plant life and to provide the necessities of life for fish.

Research will be done in the river in Fairmount Park. Another station is being set up at Schwenksville, Pa., to compare the status of the river there with conditions downstream.

Dr. Patrick and her staff surveyed the Conestoga River in Lancaster County in 1948 at the request of the state Sanitary Water Board. She estimates that the Schuylkill survey will ake several years to complete.

Blazes Cause Heavy Damage; Seek Firebug

GLOUCESTER, Mass. (AP)—Three general alarm fires—all believed by police of incendiary origin—caused damage fire officials estimate may reach a half million dollars early Wednesday.

The fires were in a lumber yard, on a wharf and in an unoccupied garage.

Police Lt. Robert E. Cronin said he believed all three were set. Fire Chief Loring B. Blatchford asked the state fire marshal's office to investigate.

A year ago, the first of a series of eight general alarm incendiary fires causing more than $700,000 damage broke out along the waterfront. The arsonist was not caught.

Red China's First Envoy In London

LONDON (AP)—Huan Hsiang, Communist China's first envoy to Britain, has arrived by plane to take charge of his country's diplomatic mission. He holds the rank of charge d'affaires.

Huan, 44, was met at London airport by representatives of the British Foreign Office, the Soviet Embassy, and the state-controlled Bank of China.

SAILS IN TUB FOR ALASKA

WHIDBEY ISLAND, Wash. (AP)—Roy Bergo, who has reversed the usual situation by putting his bathtub in the water, set sail again Wednesday on a trip he says will take him to Alaska.

The odds, Coast Guard officials and the weather are against his ever getting there in the pontoon-equipped bathtub in which he traveled 12 miles Tuesday.

He landed on this island in Puget Sound some five hours after he left Edmonds, just north of Seattle. The water was calm, the weather clear and the disapproving Coast Guard sent along an escort "just in case."

Behind him the 50-year-old former reformatory guard left his wife, a daughter, Aileen, 9, and many doubting Thomases. With him he took nothing except a minimum of clothing and a maximum of confidence—no charts, no navigation instruments, no experience.

The tub is propelled by a 2-horsepower outboard motor and Bergo has an oar along for emergencies.

Alaska's closest point is some 700 miles north. Anchorage, which he said Tuesday night is his goal, is 1,600 miles.

Discuss Plans For Water Meters In Littlestown; To Get More Facts On Proposals

A discussion on the metering of water consumers in the community took place at the October session of the Littlestown Borough Council, held on Tuesday evening in the office of the borough secretary, Roger J. Keefer, N. Queen St.

Charles A. Bushnell, representative of Worthington-Gamon Meter Division, Newark, N. J., was present to offer information on water meters. Various methods of installing the meters were suggested, as well as means of financing the proposed project.

One method of financing would be to have the property-holder pay for the meter and that maintenance or servicing of the meter wouldn't be borne by the orough; another method discussed would be that the borough install the meters at its cost and charge an annual meter rental until such time as the cost of installing the meters would have been completely paid. This meter rental would be over and above the quarterly water charges.

Suggest Water Rates

Water rates were again tentatively suggested at the following charges. For the first 2,500 cubic feet, 40 cents per hundred cubic feet (with a minimum of 1,000 cubic feet for $5 minimum charge per quarter year); the next 7,500 cubic feet (over 2,500 cubic feet) 30 cents per hundred cubic feet and all over 10,000 cubic feet at 20 cents per hundred cubic feet per quarter year.

Suggest Sectional Plan

It was estimated that these rates would probably cover the ordinary operation of the water system. Pending the outcome of financing studies, either the Sneeringer quarry as an additional supply of water or some other supply or improvements to the water system will have to be provided. These contemplated changes within the near future would necessitate a change of rates accordingly.

It was suggested that in order not to place a heavy burden on the property holders or the borough, the meters will be installed by sections of the town over a three-year period. By this manner, the borough would pay for the meters and their installation and making the annual meter rental charge to cover both the financing and servicing of the meters. The matter will be more thoroughly planned when additional information is obtained.

The Tuesday meeting was in charge of James V. Yingling, president. Secretary Keefer presented his reports of the September meeting and the special session on September 28, which was a joint meeting with the Littlestown Authority Board.

Councilman Charles M. Frock, chairman of the street committee, reported that the alley adjacent to the Basehoar Ford Company has been resurfaced where the Metropolitan Edison Company relocated a utility pole. Councilman Frock also reported that within the near future the crossing at the intersection of E. Myrtle St. and Maple Ave. would be completed by Maitland Brothers.

There was some discussion concerning several sidewalks where sanitary sewer laterals were installed and since have not been repaired to their original state. Secretary Keefer was instructed to notify Wilmer I. Dutterer and Stanley R. Weikert to repair their sidewalks.

The councilmen talked of traffic conditions in the first alley west of S. Queen St., running between S. Queen and Charles Sts. It was suggested to Council that this alley be made a one-way thoroughfare. This problem had previously been discussed and no action taken. It was decided that since it is seldom that vehicles could get through the alley, even though two vehicles cannot pass because the alley is too narrow at certain places, the matter would be tabled. Secretary Keefer reported that the proper resolution ordering three additional street lights for W. Myrtle St. and Delaware Ave. had been executed for the Metropolitan Edison Company and a copy was delivered to the utility company. Councilman Frock informed the group that arrangements had been made with H. J. Motter to repair the cracks in the cement block addition at the Alpha engine house.

HONEY BROOK, Pa. (AP)—Two motorists were killed in a head-on collision yesterday on rain-soaked Rt. 322, one mile west of this Chester County community.

Police identified the victims as Miss Marie A. Sweeney, 54, of Lancaster, and Charles A. McConaghy, about 45, of Glenmoore, R. 1, Chester County.

Police said the two were alone in their cars at the time and apparently skidded on the wet pavement. Both suffered head injuries.

LEADERS SAYS UTILITIES ARE GETTING RICH

CARBONDALE, Pa. (AP) — Sen. George M. Leader said today that under the present Republican administration in Pennsylvania utilities have been "permitted to get richer while consumers were forced to dig deeper and deeper to make this possible."

"The vast army of unemployed Pennsylvanians do not relish this obvious favoritism toward the big corporations which always can be counted upon to make substantial contributions to the Republican party's war chest," the Democratic candidate for governor said in a prepared address.

Leader said that examination of the net earnings and rate increases of six Pennsylvania utilities showed that rate increases were approved by the Public Utily Commission while net profits had increased over net income for the preceding year.

"Random Sampling"

The six companies, he said, represent a "randon sampling of utilities located through the state."

Leader cited these examples:

1. Philadelphia Electric Co., with a rate increase in 1949 and no docrease since then although net income has gone up each year and stock has risen 73 cents a share.

2. Pennsylvania Power and Light Co., with a PUC-approved rate increase in 1949 and no decrease although net earnings have gone up steadily since 1946 and common share earnings have risen from $2.20 in 1949 to $3.12 in 1954.

3. West Penn Electric Co., with a rate increase in 1951 and no rate relief for consumers although net income went up in 1952 and 1953 and common share earnings rose from 71 cents in 1950 to 97 cents in 1954.

Cites Others

4. Duquesne Light Co., with a rate increase in 1950, increases in net income since 1948 and common share earnings boosted from 42 cents in 1949 to 66 cents in 1953.

5. The American Telephone and Telegraph Co., which owns the Bell Telephone Co. of Pennsylvania, and has had a steady increase in net income since 1948. In 1949 and 1952, Bell of Pennsylvania boosted its rates while the parent company increased capital share earnings from $2.27 in 1949 to $2.50 in 1954.

Leader said all these statistics were taken from records of the companies. If elected governor, he promised, he will have the PUC law changed and "do something about excessive utility rates."

At Harrisburg, Sen. Joseph M. Barr, state Democratic chairman, called on Atty. Gen. Frank Truscott to investigate administration of the commonwealth's insurance fund.

"When Leonard Hall at Indiana State Teachers College was destroyed by fire, it was discovered that the loss, which exceeded one million dollars, was not covered by the state insurance fund," Barr said in a statement.

As a result, he said, the General State Authority, the state's borrow-and-build agency, was compelled to finance construction of a new building at the college.

"This is an outstanding example of Republican bungling at the expense of the people," said Barr.

"Mr. Truscott should push an inquiry into the reason why the state insurance fund, which was established in 1915, was not operating as a going concern."

At Wilkes-Barre last night Leader said that if any industry operated its business the way Pennsylvania's state government is operated by Republicans "bankruptcy would follow inevitably."

He promised if elected to "turn the auditors" on the state's books.

"We will determine, at long last, what is actually needed in the way of tax dollars," he said, "and my guess is that we are going to uncover a shocking mess."

Michigan State won three Big Ten titles in the 1953-54 season—football (tie with Illinois), cross country and baseball.

Accuse 3 Theaters Of $9,000 Swindle

LEWISBURG, Pa. (AP)—Six Pennsylvania theater operators face charges that they defrauded three New York movie film distributors of more than $9,000.

In a complaint in U. S. District Court here yesterday Columbia Pictures, Inc., Paramount Film Distributing Corp. and Universal Film Exchanges, Inc., charged that the defendants in the action conspired on May, 1952 and June, 1953 to furnish false attendance figures in order to get lower film rental rates.

The complaints were filed against Dr. Walter R. Buckley, Mount Carmel; Dr. Harry L. Buckley, Philadelphia; Mary Buckley, Coaldale, Amusement Enterprises, Mount Carmel; Imperial Amusement Co., Inc., and George Riester, both of Paxinos R.D.

WOOD PROMISES TO NAME WOMAN TO HIS CABINET

LEBANON, Pa. (AP) — Lt. Gov. Lloyd H. Wood today pledged to appoint a woman to his cabinet if elected governor.

The Republican candidate said he would "rely heavily" on women for the success of his administration, adding:

Backs Mrs. Dixon

"They have demonstrated beyound any doubt whatsoever that they are capable of any position in government. I pledge right now that I shall name at least one woman to a cabinet post.

"Nor is this all. I shall see to it that women are named to every possible position which they are especially qualified to hold."

He also urged in a prepared speech the election of Mrs. Gaynelle Dixon for secretary of internal affairs.

Mrs. Dixon, a Republican, is opposed by Miss Genevieve Blatt, a Democrat. Their nomination insures the election of a woman to a statewide office for the first time in Pennsylvania history.

Wood said Mrs. Dixon was nominated for the post "in the belief that the time is long past due when women should be placed on the same footing as man."

Pennsylvania women, he added, approve "the pay-as-you-go policy and philosophy of the Republican party."

Calls Leader "Common Scold"

"They want no give-away program," he said. "they know that some day all bills must be paid and they are unalterably opposed to passing along to their children the cost of things which our generation should pay."

At Harrisburg, Miles Horst, Republican state chairman, issued a statement describing Sen. George M. Leader, Democratic candidate for governor, as "a common scold"

"In his (Leader's) opinion nothing is right in Pennsylvania," he said. "Everything is wrong. Everything is out of step but little George Leader."

Citizens, he said, "cannot understand how a man who seeks to become governor can hold such a low opinion of his native state."

Won't Try To Dictate

Speaking at Allentown last night, Wood said that, if elected, he "expected the help of the Legislature to adopt a sound fiscal program."

He further stated that he would "in no way attempt to dictate to the Legislature on the course of action it should take."

However, he explained, he would "reserve the right as head of the state government—in accordance with the provisions of the constitution—to make recommendations which I deem in the common interest of the taxpayers."

No "Must Legislation"

Wood restated his stand on the one per cent retail sales tax passed by the 1963 Legislature saying:

"There will be no 'must' legislation," he said, "although I will insist that for every dollar spent in services a dollar in revenue be provided to foot the bill."

He said he was sure the next state administration will need a Legislature prepared to cooperate in the adoption of a program that will continue what he called Pennsylvania's economic and efficient government.

Charges "Fake"

"The very best way to assure enactment of such a program is through a Republican State Senate and a Republican State House of Representatives," he asserted in urging the election of a GOP Legislature.

Appearing with Wood at Allentown, Atty. Gen. Frank F. Truscott, GOP choice for lieutenant governor, discussed Leader's promise to make a personal tour of state institutions after the election.

"I challenge him to do it immediately, so he can tell the people of Pennsylvania how false are the charges that he has been making in the final days of his campaign," Truscott said.

Provoo Re-Indicted On Seven Charges

BALTIMORE (AP) — John David Provoo, once a clerk in a San Francisco bank, has been reindicted on seven charges of "overt acts" of treason in World War II by collaboration with the Japanese.

A onetime Army staff sergeant, Provoo was convicted of treason in New York in February 1953 and sentenced to life. Then a federal appeals court upset the conviction on the grounds that he should have been tried in Maryland, because he was a prisoner at Ft. Meade at the time of his original indictment.

New Try On London Dock Strike Today

LONDON (AP) — The government called waterfront employes and dock union leaders together today in a fresh attempt to end the stubborn dock strike which has paralyzed England's major seaports.

As the walkout, now involving 43,000 stevedores, went into its 25th day there were warnings that its effect on Britain's export trade is becoming calamitous.

AGREE TO CALL 5-POWER TALKS ON DISARMING

By TOM HOGE

UNITED NATIONS, N.Y. (AP)—The U.N. Political Committee took a day off today after unanimously approving a call for five-power talks on disarmament. The resolution was supported by both Russia and the West but veteran diplomats warned any real arms agreement was a long way off.

The vote, taken after two weeks of debate on the arms issue, came last night. It brought expressions of hope that the rare Soviet decision to join with the West in backing a common proposal might indicate a new era of cooperation.

The general air of satisfaction was marred somewhat by Soviet Delegate Andrei Vishinsky's statement that the disarmament talks might be doomed if the West insisted on using American proposals as a basis for discussion by the five powers.

Soviet Reminder

Vishinsky wants the British-French proposal on which his own disarmament plan is based to serve as the foundation for negotiations.

The Soviet warning served as a reminder that East and West are still sharply split on fundamental points of disarmament. There is no indication the Soviets intend to relax their position despte recent gestures of cooperation.

The committee-approved resolution, which is certain to receive an okay from the General Assembly, has three main points:

1. It authorizes the U.N. Disarmament Commission to place the whole arms problem before a subcommittee consisting of Russia, Britain, France, the United States and Canada—the five sponsors of the resolution.

Wouldn't Cosponsor

2. It calls on the subcommittee—which failed to reach any agreement in a series of meetings in London last spring—to make new efforts to agree on regulation, limitation and major reduction of armed forces and conventional armaments.

3. It calls on the committee to consider all arms proposals within its terms of reference.

The Russians refused to cosponsor the resolution until the other powers agreed to delete any reference to the American plan, which provides for strict international supervision of disarmament. The resolution as approved make a general reference to "all proposals."

JOE REQUESTS INFORMATION ON PERESS CASE

WASHINGTON (AP)—Sen. McCarthy (R-Wis), evidently as a part of his defense against censure charges, renewed Wednesday a request for information about the Peress case from an old adversary, Secretary of the Army Stevens.

One of the grounds cited by a special six-man committee in recommending that McCarthy be censured by the full Senate was an accusation that he abused Brig. Gen. Ralph W Zwicker last February while questioning him about Maj. Irving Peress.

Peress is a New York dentist described by the Wisconsin senator as a "Fifth Amendment Communist" who, he says, was promoted and honorably discharged despite a refusal to answer questions about alleged Red ties. The Army has conceded the case was badly handled.

Zwicker In Japan

Zwicker, now stationed in Japan, was commanding officer at Camp Kilmer, N.J., when Peress was discharged from that post. The senator's questioning of Zwicker was one of the sparks which ignited McCarthy's row with Stevens and led to the McCarthy-Army hearings.

With Senate debate on the McCarthy censure issue due to start in less than two weeks, McCarthy made public a "Dear Mr. Stevens" letter to the secretary renewing a request for a full report on the promotion and discharge of Peress.

Declaring that "months ago" during the McCarthy-Army hearings Stevens "conceded we were entitled to" such information, he wrote the secretary:

"You did send a list of names of some 30 officers who had contact with Peress or who were in his command.

Omitted Name

"Significantly, you omitted the name of the individual who signed the honorable discharge, as well as the name of his commanding officer at the time he was promoted and the time he was honorably discharged. . . .

"If you feel that some presidential blackout order prevents the Congress from obtaining this information, will you at least tell us what, if any, action was taken against the individual or individuals who ordered the promotion and the honorable discharge of this Fifth Amendment Communist, and whether they still hold the same or higher positions than they held at that time."

Trapped By Cave-Ins Miner Is Rescued

BRANCH DALE, Pa. (AP) — Carl Herman, 67-year-old independent miner, was trapped 40 feet below the surface Tuesday by twa caveins.

He escaped with a simple fracture of the left leg.

The hardy miner, who operates his diggings with a partner near this eastern Pennsylvania community, was nearly freed from timber and rock which had him wedged inside the shaft when a second cave-in forced a crew of 35 friends and fellow miners to start rescue operations all over again.

SUES FOR DIVORCE

SANTA MONICA, Calif. (AP)—Marion Davies filed a divorce suit Tuesday against Capt. Horace Brown, former merchant marine skipper, alleging mental cruelty.

The star of the silent screen made the same charge against him in 1952 but they later reconciled. Through a spokesman Miss Davies said, "This one is for good."

Brown could not be reached for comment.

BELIEVE 270 ARE KILLED IN VIOLENT STORM

SALERNO, Italy (AP) — Rescue workers dug frantically through the mud-covered rubble of homes along the Gulf of Salerno Wednesday, seeking more victims of Tuesday's violent cloudbursts, landslides and floods.

At least 217 persons were known dead and unofficial reports put the toll as high as 270. Officials declined to even guess at the total damage figure, but said it would run into millions of dollars.

Devastating flash floods triggered by cloudbursts struck a 10-mile coastal area between Amalfi and Salerno during the early morning darkness Tuesday. Entire villages were destroyed. Hundreds of homes crumbled, their occupants trapped without warning. Hundreds of persons were injured and thousands were homeless.

Police said the bodies of 217 persons had been recovered in Salerno, Vietra and smaller towns along the Bay of Salerno. They listed an additional 52 persons as missing and feared dead but unofficial sources estimated at least 170 person were missing.

Mob Fires Moslem Quarters After Assassination Attempt

CAIRO, Egypt (AP) — A security ministry official said an angry mob set fire to the headquarters of the fanatical Moslem Brotherhood Wednesday in a demonstration against Tuesday night's apparent attempt to assassinate Premier Gamal Abdel Nasser.

A widespread roundup of leaders of the brotherhood was reported underway.

In Alexandria Tuesday night, eight deliberately placed pistol shots rang out while Nasser addressed a big rally celebrating the signing of the British-Egyptian agreement on the Suez Canal Zone. Nasser was not hurt. He shouted to the startled crowd that the shots were a "criminal's attempt against my life."

Arrest Four Suspects

Four men arrested as suspects in the shooting were identified as members of the brotherhood, which has been conducting an underground campaign against the Suez settlement, which they charge does not clear the British completely out of Egypt.

In Cairo, streetcars and buses were at a standstill this morning, apparently as the result of a demonstration of union workers against the incident. Thousands of persons going to work were stranded.

There was no comment from the government on reports that security police were rounding up brotherhood members but dozens of persons in the Imbaba district of Cairo, home of one of the four suspects, were taken into custody for questioning.

In the inident Tuesday night in Alexandria's Liberation Square, an electric light bulb near the Premier was shattered by one bullet and two minor officials were cut by flying glass.

Nasser Unconcerned

The 36-year-old Nasser continued his speech and two hours later the Egyptian state broadcasting system rebroadcast the address. Listeners could hear the shots and Nasser's emotion-packed shouts to the crowd.

"Let them kill me," he cried. "I have already established freedom, dignity and pride in Egypt. My blood is for you. My life is for you. After the criminal's attempt against my life, I assure you that my life is yours and will be spent for you. . . I am from you and for you."

Eyewitnesses said Nasser's bodyguards attempted to persuade the Premier to stop his speech, but he insisted on continuing.

Born in Indianapolis, Ind., McClure was a graduate of Purdue University. He lived in the Canal Zone for 20 years and still had a residence at Balboa. In World War I he tained as a Tank Corps lieutenant at Gettysburg, Pa., under the then Col Dwight D. Eisenhower.

CABINET WIVES CAUGHT UP IN SOCIAL ROUTINE

By JANE EADS

WASHINGTON (AP) — Most cabinet wives barely had time to let their hair down this summer. They were either staying in the capital with their work-laden husbands and entertaining visiting dignitaries, or accompanying their men folk on far-flung business trips.

Mrs John Foster Dulles, for instance, hardly had time to unpack between trips to international meetings she attended with the secretary of state. From March, when she went with the secretary to Geneva, until late September when she accompanied him to London, she made six trips abroad, including the journey to Manila for the meeting of the South Eastern Asia Treaty Organization, followed by visits to Formosa and Japan. There were only two very brief visits to the secretary's favorite Dck Island retreat in Lake Ontario. In between trips Mrs. Dulles and her husband were hosts at numerous formal functions in the capital, honoring such important personages as Emperor Haile Selassie of Ethiopia and President Syngman Rhee of Korea.

"We were here until just before Labor Day when we got off for a brief visit at our home, Holiday Hill, near Cleveland," said Mrs. George M. Humphrey, wife of the treasury secretary. "We had a busy summer, but entertaining was informal and we did have some very quiet evenings when we saw only our families and friends."

Big Reception

The Humphreys were barely back from this breather when they gave the first big official shindig of the season, the reception at Anderson House for visiting governors of the International Bank and the International Monetary Fund.

Mrs. Herbert Brownell, wife of the attorney general, got away from Washington for only about two weeks to vacation with her husband in Florida. Mostly, she was busy getting her eldest daughter, Joan, ready to enter college and to be crowned queen of the President's Cup Regatta this September. Besides, the Brownells have three other youngsters who needed her around.

Mrs. Ezra Taft Benson, wife of the agriculture secretary, with four young daughters at home most of the summer, and visits from her two sons, also stayed in Washington.

A Few Weeks Off

Mrs. Douglas McKay, wife of interior secretary, finally got off for a few weeks at the family beach home at Neskowin, Oregon, after spending most of the hot months accompanying her husband on trips about the country.

CHAPLAINS AT ABBOTTSTOWN

National officers of the American Catholic Prison Chaplains Association, enroute to the national convention at the Essex Hotel, Philadelphia, spent the weekend with the Rev. Louis Dougherty of Paradise School, near Abbottstown. The convention is being held this week in conjunction with the annual meeting of the American Prison Congress.

During their sojourn in this area, the chaplains held a series of executive meetings in which the entire slate of business of the convention was planned. Reports from members of the executive board of the chaplains were heard from the Rev. Ronald Berube, of Fort Saskatchewan Jail, Alberta Canada, and the Rev. Daniel McAlister, of California State Prison, San Quentin, Calif.

Father Dougherty, pastor of Immaculate Heart of Mary Church, Abbottstown, who is also a member of the executive board, gave a report on convention activities and on the first edition of the Official Directory of the American Catholic Prison Chaplains of the United States, Canada, Hawaii and Puerto Rico. Father Dougherty initiated and compiled this first directory.

Officers of the association—the Rev. Gervase Hinkman, of Illinois State Penitentiary, Joliet, president; the Rev. Bernard Brugman, of Iowa State Prison, Fort Madison, vice president, and the Rev. William Wilkins, of Woodbourne Correctional Institution, New York, secretary-treasurer—gave their reports at the meeting. A report on recent riots at the Missouri State Penitentary was given by the Rev. Alois Stevens, Catholic chaplain, who was a house guest at Paradise School.

PAINE'S BUST STILL IN DARK

PHILADELPHIA (AP) — Tom Paine's marble bust has been given the brushoff, but the dust is still there.

The marble likeness of the early American patriot continues to sit in the dank cellar of historic old Independence Hall.

Overruling the Philadelphia Art Commission, which voted on Sept. 22 to end a 78-year-old controversy by bringing the bust out of storage, the National Park Service yesterday decided that it would be "undesirable" to put the statue on view.

The decision was made, said M. O Anderson, superintendent of Inpendence National Historical Park, "after careful review of the National Park Service policy."

The bust, completed in 1876, is ineligible for Independence Hall proper because only art created in the period from 1776 to 1787 is permitted there, Anderson said.

Siamese Twins, Joined At Abdomen, Happy On Birthday

By RICARD J. BROWN

DAYTON, Ohio (AP) — Nature winked at the little Galyon boys and they came back smiling.

For them, life is a cumbersome shift of taking turns walking backward because Donnie and Ronnie are Siamese twins, joined at the abdomen. Somebody has to sleep on the bottom when they get tucked in at night.

But the boys were laughing today as they celebrated their third birthday with an ice cream and cake party for the family. Cowboy shirts and cap guns brought grins to faces as clean and bright as milk.

We'll Never Separate Them

"They're just plain boy," their mother, Mrs. Wesley Galyon, says.

Physicians said last year surgery would mean death for one of the boys because they share vital internal organs. Not enough vital organs for both have been detected yet to make separation advisable.

But their father said, "We'll never separate them. We don't even talk about it any more."

Balance Of Nature Swings

This birthday Ronnie is the taller but it was Donnie who once was the big one. Donnie is the "wriggliest" too, Mrs. Galyon said, "so we have to put him on the bottom when they sleep at night. Otherwise he squirms around and they fall out of bed."

Mrs. Galyon recalls:

"Everything in their development happened at once. Donnie was first in everything, but it didn't take Ronnie long to catch up. In fact, Ronnie can say sentences now. Donnie's still at the single word stage."

And so the balance of nature swings back and forth between the bright-eyed brothers, first favoring one and then the other.

The oldest coals are about 300 million years old and the youngest about 100 million years.

EAST BERLIN HI GIRLS AT MEET

The senior Tri-Hi-Y club of East Berlin high school was represented at the older girls' conference of the South Central District, Y. W. C. A., held over the weekend at Hershey by the following members: Norma Baublitz, Doris Chronister, Dorothy Myers, Gloria Roland, Mary Shellenberger, Lois Wirick, Anna Wantz and Jane Ebersole. Anna Wantz participated in one of the programs and Jane Ebersole is a vice president of the district.

The East Berlin group who were entertained in Hershey homes, and received a pennant for the largest number present from the same club, were guests at the Hershey-Carlisle football game, toured the State Police Training Barracks and were guests at a club social on Saturday evening. Miss Mildred A. Miller, adviser, accompanied the girls and was in charge of several discussion groups.

The conference theme was "Grab a star and make life twinkle."

The senior Tri-Hi-Y and Tricky Teen junior Tri-Hi-Y clubs of the local school presented a program Tuesday evening in the auditorium to acquaint parents and friends with the aims and ideals of the clubs. The girls followed their regular pattern of meeting precedure, the opening ritual, the devotional period, the history of the club, the activities that take place during the course of a year, an induction service of acceptance into the club, and finally, the closing ritual.

The girls who were inducted into the Tricky Teen club at this program were: Shelby Smith, Cynthia Miller, Judy Baum, Jeanice Rodgers, Beverly Topper, Shirley Myers, Ramona Wampler, Patsy Sterling, Adean Ensor, Joyce Henry, Shirley Weaver, Jane March, Lois King, Jo-Ann Resh, Janet Inskip and Betty Harbold.

TEEN-AGERS' SEX ATTITUDES STUMP PARENTS

By JANE EADS

WASHINGTON (AP) — The teen-ager's attitudes toward sex is a problem that stymies many parents. The U. S. Children's Bureau's new bulletin, "The Adolescent in Your Home," makes a few suggestions.

For instance: "Early acceptance of the body as something to be respected and treated well paves the way for a healthy recognition of sexual impulses appearing in adolescence as something wholly natural and normal."

The booklet adds that parents can do children few greater services than see to it that they do not become puzzled or ashamed about things that are quite normal phases of development.

"Both boys and girls should be told not only about the organs and processes of reproduction in their own sex, but also about those of the other sex," the pamphlet states. "Above all, young people should feel free to ask questions and consult their parents about any feelings or experiences they find puzzling, or disturbing."

Adolescence behavior experts say that modern parents are better able to talk frankly about sex matters with their children, but many still need to be reminded that "telling" is not all, that "building up attitudes is not a matter of one 'heart-to-heart' talk."

However, bureau officials believe that if parents have not, in the past, given their children factual information as required, this is hardly time to attempt to fill in omissions. Parents can find excellent material, these experts feel, in books, pamphlets, plays, novels, even movies, in which the approach to the boy and girl situation is impersonal and "therefore less apt to create emotional tension and removes the barrier of personal relationships."

"One way of helping teen-agers to get some perspective on relations with the opposite sex is for more open expression of affection between each other of father and mother and the 'making-up' after moments of irritation or criticism.

"The more open families are in their recognition that loving and hating can go side by side, the less anxiety children are likely to have over personality and opinion clashes."

PARENTS MUST PLAY REFEREE WITH CAUTION

By DAVID TAYLOR MARKE
The Associated Press

Do you feel more like a referee than a parent? If so, child study authority Sidonie M. Gruenberg has some reassuring words for you.

Writing in the magazine "2 to 5 World," this mother, grandmother, special consultant to the Child Study Association of America and editor of the forthcoming Parents' Encyclopedia, says:

"You have to be prepared for some fighting and quarreling among children in the same family, and just accepting this fact is rule number one in handling sibling rivalry.

Use Good Judgment

"Parents cannot promise themselves that they will never interfere in the children's battles, or that they will always get to the bottom of the trouble and settle the argument fairly. Mothers and fathers literally have to meet each situation as it occurs and then use their best judgment in handling it."

Here are specific suggestions compiled by Mrs. Gruenberg, which may help ease explosive interludes in your family:

Take mild squabbles in your stride, paying little or no attention to them, whether physical or verbal.

If the squabble doesn't seem to be working itself out, suggest something more interesting or constructive to do.

Watch out for the teased as well as the teaser. The child being teased may have started the whole thing.

When an older child is involved with a younger — stop, look, listen! Remember that it's easier to have sympathy with the younger child — who may really be the aggressor.

Ease Situation

Although there is usually some cause beneath the surface of the aggression (jealousy, insecurity, frustration, don't search for the cause at the moment of friction. Try to ease the situation; separate the children, if necessary, without making either one feel like a criminal — but do the detective work later.

Remember that it's easy for a child to "get a bad name." If a fuss is made the first few times Junior hits another child, he will soon be known as a bad boy, a bully, or worse. And if other children are forbidden to play with him, he may develop into an unhappy sneaky child, an unpleasant bully or even a juvenile delinquent.

Try to teach an older child not to hurt a younger; a boy not to hurt a girl — but at the same time teach the younger child or the girl not to take advanrage of the immunity to be provoking.

Quick to Forget

Remember that boys and girls are quick to forgive and forget. Many friendships between children have been spoiled by parents exaggerating the importance of young quarrels.

Don't expect your son and daughter — or two sisters or two brothers — to play together too much. And in the matter of living space, try to arrange to give your children some freedom from each other.

Let the older child enjoy some privileges because he is older and the younger because he is younger.

Let your son appreciate some advantages of being a boy, your daughter those of being a girl.

Provide your children with projects and games to draw off some of their extra energy.

Above all, let all your children know that you love them equally, though each in a different way.

UPHILL FIGHT SEEN IN ROCKY STATES FOR GOP

Editor's Note—This is another in a series of summing-up stories by roving Associated Press reporters who are analyzing the campaign in various sections of the country.

By JACK BELL

DENVER (AP)—President Eisenhower's popularity and campaign effectiveness are matched against apparent economic discontent in what now looks like an uphill Republican battle for Senate and House seats in eight Southwestern and Rocky Mountain states.

Unless intensified appeals by Eisenhower for a Republican Congress change voter sentiment in the few days before the Nov. 2 election, Democrats could gain two Senate and four House seats in these states Eisenhower carried handily two years ago.

The eight states are Oklahoma, New Mexico, Arizona, Colorado, Wyoming, Utah, Idaho and Montana. All except Utah and Arizona are electing senators this year, with four Democratic and two GOP seats at stake.

21 House Seats At Stake

Twelve Democratic and nine Republican House seats are being contested as are five governorships held by Republicans and one by a Democrat. Democrats now are reported leading in all but one (Wyoming) of the governor contests.

Eisenhower evidently retains most of the strength he demonstrated in this area in 1952 when he swept all eight states by a margin of 520,000 votes over his Democratic opponent, Adlai E. Stevenson.

Republicans in all of these states have been leaning heavily on the demonstrated Eisenhower popularity.

Personalties Count

But it remains doubtful whether the continued high-tide prestige of the President—which isn't disputed seriously by the Democrats—can offset what seems on the surface to be a Democratic trend.

Democrats on the whole have candidates with better known names than the Republicans, and many of the races are revolving around personalities and local issues.

Without openly forecasting an economic downturn, Democrats in all the states have been talking about what they claim is a somewhat lower level of business, employment and farm income this year than last. As one politician put it in talking to this reporter: "Everybody seems to be getting along pretty well but thinks he ought to be doing better."

The U.S. electric power plants count 1954 as their 75th anniversary.

METERED MIXUP

ENID, Okla. (AP) — A staff member of the Enid News and Eagles for months has been leaving his car at a parking meter and running out every hour to put in a nickel.

Then, one day when he got into his car to go home, he found two parking tickets.

He discovered he had been putting nickels in a meter next to his. A car identical to his was parked there.

Washington News Letter

By Jane Eads

WASHINGTON (AP) — When the last hot days are over, and you are preparing to store summer things away until next year, first be sure they are thoroughly clean.

And if you mend clothes before putting them away you save time and annoyance when the first warm days of spring slip up on you, says Clarice Scott, clothing specialist in the U. S. Bureau of Home Economics.

"These are things some people tend to overlook," Miss Scott says. "Another is the care and storage of shoes. They should be thoroughly cleaned and polished with a good paste polish to keep them from drying out. White shoes should be brushed and cleaned free of all polish. As with other clothing articles, it's wise to have them mended if need be before storing them away."

Storing Shoes

Miss Scott told me she stores her summer shoes in shoe boxes with separate compartments but that ordinary shoe boxes will serve just as well if you have the room. She stuffs her shoes with tissue paper to help them keep their shape and does the same wth pocketbooks.

Clothes will wear longer and keep a better shape if hung on contour, or shaped, hangers and not hung too closely together. Fastening the top button helps to hold the garment in shape. It's a good idea to close up things in dust-proof bags and to put light suits and coats that moths might attack in moth-proof bags.

Here are some other Scott hints:

It's not necessary to iron washable garments. You'll want to wash them again anyway before wearing them next year.

Remove Trims

Any special trims on clothes should be removed if they're apt to leave rough spots which might lead to holes or discolored marks.

"Don't crowd garments in the clothes closet! Leave space between each. Crowding puts folds into clothes, men's and women's suits particularly."

Summer hats should be stored away in boxes, preferably with tissue paper tucked around the brims and stuffed in the crown to help preserve their shape.

For convenience, it's a good idea to label containers holding summer clothing. "It saves opening boxes or packages needlessly."

Alert Father Saves Family From Wreck

BELLEVILLE, Ill. (AP) — A rail buckled on the Southern Railway. A few hundred feet away John Becker, with his wife, Rita, and children, John, 6, and Jackie, 3, stood beside a pond watching a train approach.

Suddenly Becker noticed one car was off the track raising a cloud of dust. He grabbed the children and he and his wife ran. In the excitement he fell into the pond, but the spot from which they ran was buried in twisted steel of wrecked railroad cars.

Menotti Characters On Christmas Cards

KANSAS CITY (AP) — The last two Christmases 12-year-old Bill McIver and 17 others have been seen in millions of homes in "Amahl and the Night Visitors," a television opera by Gian-Carlo Menotti.

The cast will do it again this year, but in a different fashion.

The company that sponsored the opera put Bill and the other 17 on a series of Christmas cards.

FINE CALLS FOR PRISON REFORMS TO END RIOTS

PHILADELPHIA (AP)—Gov. John S. Fine says there will be more prison riots "unless the general interest of the American public can be captured and sustained for penal reform."

Fine told a dinner meeting of the 64th annual Congress of Correction Tuesday night that the ultimate success fro penal reform rests with the "vigilance of public authority and the individual citizen."

He warned, however, that present victories in penal reform can be defeated by public paathy and neglect.

Earlier, the head of the psychology department at Manhattan College said the cost of shoplifting could be cut 25 per cent if first offenders were given psychiatric or psychological treatment.

Expensive Shoplifting

Dr. Fabian L. Rouke told delegates to the congress that shoplifting costs the nation 75 million dollars a year. He said an estimated 100,000 thefts occur each week, with an average "take" of $15.

He said the first phase of a project to determine the causes and cures of shoplifting showed that 87 per cent stole as a result of some emotional conflict.

In his speech, Gov. Fine reviewed progress made in reorganization of Pennsylvania's penal system since the 1953 riots at Western Penitentiary and Rockview near Bellefonte.

Committee To Recommend

Fine said he hopes to have recommendations soon from the Devers Committee which he recentlya asked to resurvey the penal change over authorized by the 1953 legislature. The changes stemmed from a previous survey of the committee, headed by retired Army general Jacob L. Devers.

The governor listed what he called substandard personnel on the staffs of penal instituations as "a striking cause" of prison unrest.

He said Pennsylvania now provides a 40-hour week for institutional employes, has granted a 10 per cent wage increase and set up a system of raises based on merit and personal performance.

GRANGE MASTER PRAISES BENSON, AG SECRETARY

WASHINGTON, Pa. (AP)—Delegates to the annual convention of the Pennsylvania State Grange prepared Wednesday to act on resolutions—their method of showing state and national governments how they stand on such controversial topics as farm parity.

Dr. Beatty H. Dimit, state grange master, praised Secretary of Agriculture Benson in the field of agricultural research and education in a speech Tuesday.

At the same time, Dr. Dimit said Benson's efforts "are being thwarted or undermined by the same forces and persons which are attempting to substitute a foreign type of centralized government control in place of our American system of free enterprise and individual initiative."

Dr. Dimit urged economic and social improvements for American farmers. He suggested farmers should do more for themselves—not depend upon government.

The grange head said the parity support price of wheat "benefits the Western growers but penalizes the dairy and poultry farmers of the East."

Ike's Brother Speaks

Dr. Milton Eisenhower, president of Pennsylvania State University and a brother of President Eisenhower, told the delegates there is a great conflict between American and Communist philosophies. He added:

"Communism holds that history is shaped by economic forces, that it is impossible for men to change these forces and that the Communists have been preordained to assist these forces . . . In no segment of modern society is this ideological clash more pronounced than in the field of agriculture where the family-owned farm under the free system has proved itself to be so far superior in every way to the government controlled collective farm in the Communist world."

Last night the Hookstown Grange of Beaver County was awarded first place money of $200 and a plaque in a community service project. The Hookstown Grange won because of its successful efforts to secure a doctor for its community. It is one of several granges throughout the country which will compete for a $15,000 national first prize.

The Bernville Grange of Berks County was second and Harmony Grange of Northampton County third.

In a talent contest the Lawrence County grangers took first place. Bernville Grange was second and Milford Grange of Somerset County third.

Mrs. Charles Gaylor of Raccoon Grange, Beaver County, won first prize in a solo contest. Leroy Phillips of Freemont Grange, Chester County, was second, and Barry van Aucker of Pine Run Grange, Lycoming County, third.

Says Baptists Crowd Churches In Russia

FRAMINGHAM, Mass. (AP)—The Rev. Dr. V. Carney Hargroves of Germantown, Pa., president of the American Baptist Convention of 6,500 churches, said today a half-million Baptists behind the Iron Curtain need the fellowship and prayers of Christians around the world.

Dr. Hargroves said that in addition there are more than 2½ million others interested or indirectly related to 5,400 Baptist churches in Russia.

"Our latest report," he said in a talk before the 192nd annual conference of the Massachusetts Baptist Convention, "is that these Baptist churches are crowded to the doors."

Demons of Disease

It has taken man many centuries to realize that disease has "natural" causes and that a cure takes place in a "natural" way. For many years, all internal disease was considered to be the revengeful work of gods or demons. Magic and exorcism were therefore used to rid the body of the offending demon.

Today, however, diagnosis and treatment of disease have a sound, scientific basis. Your physician is trained by education and experience to care for you in times of illness. We supplement his service by filling your prescriptions promptly.

MANY BUTLER RESIDENTS HAVE CHRONIC ILLS

HARRISBURG (AP) — The first countywide health survey by a Pennsylvania county health unit shows that about 45 per cent of the households in Butler County have at least one member suffering from a chronic health disorder.

The survey by the Butler County Health Department, first in Pennsylvania, covered 937 households with each person interviewed being asked more than 100 questions.

A preliminary report on the survey, started last July to determine in what fields the unit should concentrate, is published by the Pennsylvania Tuberculosis and Health Society in this week's Public Health News letter. The survey also was designed to gather facts about the health of Butler Countians.

Chronic Disorder

Included as chronic disorders are rheumatism or arthritis, heart disease, rheumatic fever, high blood pressure, diabetes, asthma, kidney trouble, hardening of the arteries and hernia.

The survey report said that in 90 per cent of the cases answers given were based on a diagnosis made by a family physician.

"Enough facts have been revealed to indicate certain areas which can be explored and in which the county health department can serve both in established programs and by the development of new ones," Dr. R. E. Coker Jr., health department director, commented about the survey.

Expanded Services

"We have already expanded some of our services such as public health nursing and health education. As time goes on we hope to work with the people of Butler County to provide more and better public health services."

Dr. Coker pointed out that the report was "an incomplete analysis" of data gathered.

Dr. Coker said that the people of the county were extremely cooperative in the survey with the response being nearly 100 per cent.

The Butler department started operations Jan. 1. The state's second county health unit, in Bucks County, is now close to the operational stage.

Visited Doctor

The survey shows that 40 per cent of the households interviewed had at least one member making a visit to the doctor in the month prior to the survey. Seven per cent reported a member had lost a day at work, or school during the preceding month.

In about 25 per cent of the households questioned at least one member spent a day or more in the hospital during the past year.

Other areas on which facts were gathered were housing and sanitation, nutrition, maternal and child health practices and personal background.

RHODES SEEKS FOURTH TERM

READING, Pa. (AP) — Democrat George M. Rhodes is seeking his fourth term in Congress in next month's general election. His Republican opponent in the 14th Congressional District is Donald S. Spang, 32-year-old attorney.

Rhodes won for the Democrats in 1952 although President Eisenhower carried Berks County by 5,000 votes. Spang's only political activity has been a losing battle for the GOP district attorney nomination in 1951. Both candidates predict victory on Nov. 2.

Rhodes, 56, married and the father of two children, has campaigned on the charge that the Eisenhower administration misled the people with empty promises of peace and prosperity.

Spang has told his listeners that a vote for Rhodes is a vote for the return of the Truman administration's "Korea, communism, corruption and control."

Both candidates have made an issue of the employment situation in Berks County. Spang blames the Democrats in Congress for legislating the state's knitting mills to the South with cheaper freight rates, cheaper power and cheaper labor.

Rhodes blames the GOP for increased unemployment which he describes as a "substantial problem" best handled by a Democratic Congress.

Spang, father of four children, feels he'll overcome the 408 votes which gave victory to Rhodes in 1952 over James W. Bertolet. Rhodes beat Bertolet, 48,427 to 48,079.

There are 67,533 registered Democrats and 43,202 registered Republicans in Berks County.

Man Murdered During Quarrel

PITTSBURGH (AP)—Harry Pullins, 48, of suburban Clairton, was shot and killed Tuesday during a quarrel over a woman who had invited him to her birthday party, police report.

Police identified Pullins' assailant as Richard Frazier, 26, of nearby Blair Heights. Frazier was arrested early today on a train at Cumberland, Md. No charges were filed immediately pending further investigation.

According to police, the shotgun shooting occurred on a porch adjoining the third-floor apartment of Lillian Meador, 30, of Clairton, where the party was held.

Bowles Has 30 Days To Pay Tax Money

BALTIMORE (AP) — W. Bryant Bowles, founder and president of the National Assn. for the Advancement of White People, has been given 30 days to remit about $2,000 in withholding taxes federal tax collectors say he deducted from the pay of employes but failed to forward to the government.

Bowles, who led demonstrations which disrupted the integration of white and Negro pupils in the schools at Milford, Del., was arrested in Delaware Oct. 10 on a charge of conspiracy to interrupt the education of schoolchildren.

He operated a roofing company —now defunct—in Baltimore in 1952 and 1953.

WILKES-BARRE, Pa. (AP) — Dr. John J.J McHugh, 78, a practicing physician here for 46 years, died Wednesday at hime. A graduate of Jefferson Medical College, Philadelphia, he was secretary of the Luzerne County Medical Society for 26 years. Surviving is his wife.

GIRL, 17, IS KILLED

MOORESTOWN, N. J. (AP)—Judith Balan, 17, of Camden, was killed Wednesday when the automobile in which she was a passenger skidded off Rt. 38 and smashed into a tree in Strawbridge Park on the outskirts of Moorestown.

The girl, with her sister, Dorothy, 19, was being driven home from a dance at the McGuire Air Force Base near Ft. Dix by two servicemen.

The other three in the car were injured.

Senate Postpones Taylor Hearing

BOISE, Idaho (AP)—Plans were abandoned Wednesday for a senate hearing which had been proposed to give former U. S. Sen. Glen Taylor an opportunity to answer, under oath, assertions that he accepted Communist support in his 1948 election campaign.

Sen. Welker (R-Idaho), who had ordered the hearing, announced last night that it would not be held. Asked to explain he would comment only that "Taylor has had nothing to say."

But in Wallace, Idaho, where he was campaigning, Taylor told reporters "I've been waiting to hear from him (Welker) about when the hearing was to be held."

There are a number of ways you can use your pastry tube decorating set. It not only does a festive job of frosting for cakes and cookies, but it will make delightful mashed-potato borders for casseroles, fancy toppings for canape spreads and whipped-cream decorations for chiffon and other pies.

NEWBORN BABY DEVELOPS HIS SENSES SLOWLY

By DOROTHY V. WHIPPLE, M.D.
The Associated Press

A newborn baby is a tight little bundle of reflexes.

He lies in his crib all bunched together. His arms are bent at the elbow, his hands tight clenched. He keeps his legs bent both at the hips and the knees. Even in his sleep he doesn't relax. If you pull his legs out just enough to put a diaper on him, he's furious and yells at you.

When he sleeps, he constantly moves about. He can't turn over yet, but he wiggles a leg or an arm or bobs his head up and down.

All his movements are on a "reflex level." His brain is all there, but it's not in working order yet and doesn't control what he does.

No Muscle Control

His muscles all work, but they just move at random. The baby cannot control them. He cannot make his neck muscles hold up his head, nor his back muscles support him in a sitting position. So he must stay lying down all the time.

Your newborn keeps his eyes closed most of the time. "Just like a baby kitty," said three-year-old Sue when she saw her new brother. Of course, it's not like a kitten because the baby can open his eyes, though he doesn't do it very often. A baby's eye muscles move about in the same jumpy fashion as the rest of his muscles. If you don't know it ahead of time you may get quite a shock if your baby does happen to open his eyes for you. One eye may look east and the other west. Don't worry—this doesn't mean he's going to be cross-eyed. He'll bring them together when he gets ready to use his eyes. At birth a baby cannot see much.

Hears Early

But a baby hears well by the time he is a day old. You'll notice that he jumps with his whole body at the sound of a loud noise. Also you'll notice that he likes soft quiet sounds. From a very young age a baby will respond to your singing or to music. The lullaby has not existed since time immemorial for no good reason.

Smelling and tasting seem to be quite well developed at birth. A tiny baby will smell breast milk and will be gin rooting around for it when he is in your arms. A hungry newborn has a reflex which will make him open his mouth and grab for a nipple to suck when he feels something brush against his cheek. For this reason never try to open his mouth by putting your hand on his cheeks. You just confuse him. It's better to adjust the nipple to make it easy for him to grasp with his mouth and keep your hands away from his face.

A newborn will let his wants be known by his good lusty yells. When he gets his needs satisfied, he tumbles back to sleep. He has no interest in playing yet.

PRIEST'S AIDE TO FINISH WORK

WEST BEND, Iowa (AP) — The job of finishing the world-famed Grotto of the Redemption that the Rev. P. M. Dobberstein started near Sts. Peter and Paul Church here 42 years ago falls to his long-time parishioner and helper, Mathew Szerensce.

Father Dobberstein, 81, a Roman Catholic priest, died last summer.

Szerensce, 56, the priest's helper since the first stone was laid in 1912, knows more than anyone else about the millions of pieces of material from all parts of the world that have gone into the grotto.

He helped Father Dobberstein sort out the pieces and build it into an amazing layout of gateways and pathways to scenes of religious significance.

The priest, apparently with a premonition of his death, asked Szerensce to finish the grotto. Szerensce will not guess when it can be finished.

Materials Expensive

"We need petrified wood, white quartz and flint rock," he said. "Those are costly items."

Contributions from parishioners and visitors provide revenue for materials in the grotto.

ADOLESCENCE IS A TIME OF VACILLATION

By JANE EADS

WASHINGTON (AP) — Adolescence, according to the experts, is a time when boys and girls "waver back and forth between the safety and security of dependence on their parents and the urge to discover what life holds out to them as independent human beings."

In its new bulletin, "The Adolescent in Your Family," the U. S. Children's Bureau defines it as the period leading up to, and for a number of years after, the time a boy or girl has passed through the changes that come to a climax in sexual maturity.

Parents sometimes find it difficult, the booklet says, to understand such changes in their children as the "swing between furious activity and lackadaisical laziness," the late-lying-abed in the morning and the late-staying-up at night, the daydreaming, the sudden irritations "over who knows what" and the sometimes startling maturity young minds show. It's not unusual to hear parents say they know their youngsters well but yet are beginning to think they do not know them at all.

Cannot Understand

"Parents need not—and should not—expect to 'understand' everything their boys and girls are going through," the bulletin says. "But it helps if they recognize the signs of growth and are patient. This is a time for much listening and little telling. What he needs from his parents is the assurance that they are standing by, ready to act as shock-absorbers."

And, the booklet reminds us, children can stand only so much freedom. By setting no limits to their behavior, parents put too much responsibility upon them.

Fussing about what foods to eat, it says, what hours to keep, carelessness in manners and tidiness, grades at school, money habits, the family car, friendships and attitudes sometimes is a "comparatively harmless way of bringing out into the open the fleeting antagonism that's only natural" between parents and children during the transition to adulthood.

Disagreements Common

"Many of the disagreements that are so common while boys and girls are trying to break out of the cocoon of childhood vanish once they have their wings and some space to try them in," the booklet says.

Steal Bible With $680 Cash Savings

JACKSON, Miss. (AP) — Charles Brantley of Jackson used to hide his savings in his Bible.

But, that's all over now. It stopped after a visit by two young women friends, identified by police as Alberta Daily and Sarah Thomas.

Police said the women grabbed Brantley's Bible containing $680 within its leaves and fled. As they ran, they pulled out the money and threw the Bible away.

Police charged the women with grand larcency and recovered most of the money.

Both the mother and the wife of Theodore Roosevelt died on the same day.

TO CALL DOCTOR FROM ARIZONA IN SHEPPARD CASE

By WILLIAM NEWKIRK

CLEVELAND (AP) — Testimony from a medical doctor now living in Phoenix, Ariz., may play a major role in the defense of Dr. Samuel H. Sheppard, on trial for his life in the bludgeoning death of his pregnant wife.

This was reported yesterday by William J. Corrigan, chief defense attorney for the young Bay Village osteopath after the eighth day of the trial had passed with one jury seat still unfilled.

While the state said twice that it was satisfied with the jury as it stood, the defense used up three of its six peremptory challenges and finished the day with only one challenge remaining.

To Detail Injuries

The state still had three challenges.

A peremptory challenge automatically removes a juror.

Corrigan, talking to reporters after the session, said he planned to call on Dr. Charles W. Elkins, formerly chief neurosurgeon at Lutheran Hospital here, to "prove the extent of the injuries Sam Sheppard suffered at the hands of the man who killed his wife."

The defense lawyer said Elkins examined the 30-year-old Sheppard "a couple of days" after the osteopath's wife was found dead in her bed last July 4. Sheppard has insisted his wife was killed by a bushy-haired man who invaded their lakeshore home and knocked him unconscious when he tried to go to her aid.

On the afternoon of July 4, another medical doctor examined Sheppard at the direction of County Coroner Samuel R. Gerber. That doctor, Dr. Richard Hexter, later testified at a coroner's inquest that a black eye just about summed up the injuries he found on Sheppard.

Corrigan declared yesterday that Dr. Hexter "just didn't give Sam a very thorough examination." He said he would prove that by cross-examination of Dr. Hexter "after the state presents him as a witness" and by testimony from other doctors.

Another Cleveland physician who took part in an examination given Dr. Sheppard expressed doubt, however, that Dr. Elkins would be willing to return from Arizona to appear at the trial.

Taken To Funeral

Dr. George Greene, surgeon for the Cleveland police department, did not disclose the reason for his belief. Dr. Greene supervised an examination given Dr. Sheppard on behalf of the state shortly after he was arrested.

He said the examination report agreed with Dr. Hexter that the defendant suffered little more than a black eye.

Dr. Sheppard was taken from his jail cell by a deputy sheriff last night for a brief visit at the bier of his dead wife's grandfather, Harry P. Blake.

Blake died Tuesday at the age of 84 and Dr. Sheppard had requested permission to attend his funeral today. The visit to the funeral home, conducted without advance notice, apparently was the sheriff's answer.

S. Korean Finance Officials Probed

SEOUL (AP)—President Syngman Rhee today ordered his Cabinet to make "a thorough investigation" of alleged improper procedures involving South oKrean government financial officials.

A National Assembly investigating committee reported last Tuesday that former Prime Minister and Finance Minister Paik Too Chin and other financial officials used "favoritism and pressure" to obtain improper loans for their friends.

Paik now is economic coordinator handling the U. S. aid program. He called the report "a political intrigue schemed by a group of ambitious men."

Littlestown

STUDENTS WILL PAINT WINDOWS

The second annual Halloween window painting contest, sponsored by the Littlestown Lions Club, will begin Friday at noon. Students in grades seven to twelve at Littlestown Jr.-Sr. High School will paint Halloween scenes on cooperating merchants' windows.

The contest will be judged by Mrs. Esther Feeser, Mrs. Earl Stites and Rio Gingrow. The rain date is November 1.

Prizes will be distributed evenly between the five grades.

A Public Halloween dance will be held Friday evening from 9 p.m. to 1 a.m. at Bankert's, N. Queen St. The affair is sponsored by the Mason and Dixon Memorial Post No. 6954, Veterans of Foreign Wars. Dress is optional. Ozzie Fagan's Orchestra, Frederick, will furnish the music.

The Littlestown Past Grands of the I.O.O.F. will meet Friday evening with the Past Grands of Baltimore in Baltimore.

Individual class meetings and a student council reorganization meeting were held at Littlestown High School Wednesday afternoon in place of the weekly assembly.

ADVERTISE IN THE TIMES

Name Mountbatten First Sea Lord

LONDON (AP)—Adm. Earl Mountbatten, commander in chief of Allied forces in the Mediterranean, today was named Britain's first sea lord.

The appointment, the highest in the British navy, gave the handsome 54-year-old admiral the post his German-born father, Prince Louis of Battenberg, was forced to give up under public pressure in the first World War.

What a flavor!

"Honestly, the freshest, sweetest spread I can buy... margarine or anything else. My family loves it, Mrs. Filbert!"

What a woman!

"It's my own margarine recipe ... and I put *flavor first.* Just see how *your* family goes for it."
Mrs. M. V. Filbert, Pres.

● So fresh. So *fresh.* So sweet. Did any spread ever taste this good to you before? "It's because I'm so persnickety about what goes into it," says Mrs. Filbert. So tender it spreads *ice-cold* in one satiny sweep. So delicious folks say they like it better than any other spread—*margarine or anything else!* Eat some Mrs. Filbert's today.

Mrs. Filbert's Margarine
Only a woman could make it taste so good
